**Luxury Marketing and Brand Strategy** Květa Olšanová, Gina Cook, Marija Zlatić, 2025-09-02. This text provides a comprehensive and strategic overview of luxury marketing and brand management, guiding brands to balance tradition with innovation as they navigate modern challenges and seize opportunities in a rapidly evolving global market. The book explores the core aspects of luxury branding, including the defining traits of luxury brands, the dominance of major luxury groups, and the resilience of independent brands with storied histories. It explores the delicate balance required to maintain a brand's luxury status amidst evolving consumer expectations, technological advancements, and sustainability concerns. Students will gain insight into innovative marketing strategies from the use of NFTs and blockchain to the integration of AI and the metaverse in enhancing customer experiences. Offering a clear and engaging pathway through the complexities of luxury brand management, the authors draw on their extensive academic and professional experience, presenting a rich blend of theoretical insights and real-world global and cross-industry case studies from prestigious brands like Cartier, Van Cleef & Arpels, Chanel, Ferrari, Orient Express, and many others. This textbook is designed to be the cornerstone for advanced undergraduate and postgraduate courses in luxury marketing and luxury brand management. With a focus on the latest trends and future directions in luxury marketing, *Luxury Marketing and Brand Strategy* is not only an academic resource but also a practical guide for navigating and succeeding in the dynamic luxury market. Online resources include PowerPoint lecture slides for each chapter, sample answers for discussion questions, and a test bank. **Impact** Keith V. Lucas, 2025-08-19. *Impact* explores the people and culture teams need for sustained innovation and problem solving. This transformative guide is aimed at leaders who have earned their roles through subject matter expertise, a capacity for impact, and innate leadership skills, and who now face the challenge of building innovative teams. This is the high impact engineer turned manager or the rising scientist turned lab director or the founding startup executive. Subject matter proficiency and leadership intuition can initially take leaders far, but team performance ultimately hits a wall when leaders lack team building expertise. *Impact* guides individuals across the leadership spectrum from the new player coach to the seasoned team builder, helping them sidestep common scaling pitfalls such as diminished team impact, lower productivity, culture dilution, disempowerment, and loss of focus. It presents a two-tiered framework that examines culture as a system and leadership as a discipline. The first tier offers team-wide practices to drive focus, cultivate alignment, and unlock collective brainpower and horsepower. The second tier provides individual-centered practices to ensure the team

hires promotes and retains those most likely to contribute to the mission Drawing from Keith V Lucas s direct experience in building teams and advising startups Impacts offers practical insights for effective team building and leadership

*Marketing Perspectives on Phygitalization* Sudhir Rana, Priya Jindal, Indrajit Ghosal, Arpan Anand, Subhadeep Mukherjee, 2025-03-13 The fusion of physical and digital experiences has given rise to a new phenomenon known as phygitalization where companies seamlessly integrate both realms to create a cohesive and immersive customer experience. This new book examines the opportunities and challenges that this convergence presents and highlights strategies that companies can employ to leverage its full potential. Drawing upon the expertise of marketing professionals, industry leaders, and academic researchers, this book offers a comprehensive overview of the key concepts, strategies, and best practices for employing phygitalization in marketing, providing a practical perspective through case studies and focused discussions.

**Regulating the Metaverse** Ignas Kalpokas, Julija Kalpokienė, 2023-01-26 The metaverse seems to be on everybody's lips and yet very few people can actually explain what it means or why it is important. This book aims to fill the gap from an interdisciplinary perspective informed by law and media and communications studies. Going beyond the optimism emanating from technology companies and venture capitalists, the authors critically evaluate the antecedents and the building blocks of the metaverse, the design and regulatory challenges that need to be solved, and commercial opportunities that are yet to be fully realised. While the metaverse is poised to open new possibilities and perspectives, it will also be a dangerous place, one ripe with threats ranging from disinformation to intellectual property theft to sexual harassment. Hence the book offers a useful guide to the legal and political governance issues ahead while also contextualising them within the broader domain of governance and regulation of digital technologies.
