Virtual Events Management Tim Brown,Claire Drakeley,2023-08-30 The COVID 19 pandemic and resulting lockdowns has seen a boom in the occurrence of virtual events Virtual Events Management is a unique text as it looks at events from both a live event virtual event and hybrid perspective **Music in Esports** Eulalia Febrer-Coll,2025-07-21 This book invites the reader to expand their idea of esports as an independent niche and consider it an integral part of a growing multi and transmedia ecosystem that includes the global entertainment industry where music plays an essential role The music present in and around esports games is an integral part of how they are communicated and mediated and as such holds a central role in binding their narratives cohesively and coherently to appeal to their audiences Popular music theory is placed at the foundation of the issues raised in the chapters as it is taken as a cornerstone for linking the esports international scene with the music industry This text uses specific case studies from popular esports to support and illustrate each chapter including League of Legends Counter Strike and Fortnite This book will be of great interest to researchers and students in the fields of esports game design and development musicology and media studies **The Metaverse** Matthew Ball,2022-07-19

INTERNATIONAL BESTSELLER United States Canada United Kingdom and China Wall Street Journal Associated Press Nielsen Bookscan Publishers Weekly USA Today Toronto Star Globe investigates the role of Web3 blockchains and NFTs and predicts Metaverse winners and losers Most importantly he examines many of the Metaverse s almost unlimited applications The internet will no longer be at arm s length instead it will surround us with much of our lives labor and leisure taking place inside the Metaverse Bringing clarity and authority to a frequently misunderstood concept Ball foresees trillions of dollars in new value and the radical reshaping of society **The Age of Decentralization** Sam Ghosh,Subhasis Gorai,2024-10-15 The Age of Decentralization talks about various decentralization technologies including Web3 decentralized identity and decentralized storage and how they can be incorporated in traditional tech architectures to improve technical and business performance In this book the authors take us on a journey through the tech landscape exploring how decentralized

technologies including Web3 are on the verge of becoming mainstream and offer a practical roadmap for understanding and embracing this shift Web2 brought us the great centralization by centralizing not only data but also business processes blurring the industry boundaries So payment platforms started offering e commerce services and ride hailing services started delivering food Scale became the most effective moat But at the same time these huge platforms became a magnet for security threats and started violating user privacy rights and consumer rights The authors argue that the technological regulatory and social landscape is ready for the next evolution of technology systems as decentralization technologies get incorporated into traditional architectures This book serves as a guide for readers to understand the fundamentals of Web3 along with other decentralized technologies and creates a framework for incorporating them into traditional architectures At the same time the authors explore the organization level as well as the macro implications of decentralized technologies
