Monte Cassino Peter Caddick-Adams,2013 Waged deep in the Italian mountains beneath a mediaeval monastery the battle of Monte Cassino was an astonishingly brutal encounter grinding up ten armies in conditions as bad as the Eastern Front at its worst This book provides a vivid account of how an array of men from across the globe fought the most lengthy and devastating engagement of the Italian campaign in an ancient monastery town

**Patton** J. Furman Daniel,2020-04-03 General George S Patton Jr is one of the most successful yet misunderstood figures in American military history Despite the many books and articles written about him none considers in depth how his love of history shaped the course of his life In this thematic biography Furman Daniel traces Patton s obsession with history and argues that it informed and contributed to many of his successes

both on and off the battlefield Patton deliberately cultivated the image of himself as a warrior from ages past the more interesting truth is that he was an exceptionally dedicated student of history He was a hard worker and voracious reader who gave a great deal of thought to how military history might inform his endeavors Most scholars have overlooked this element of Patton s character which Daniel argues is essential to understanding the man s genius *The Literary Review* ,1993
