

## **ARCHITECTURAL DESIGN NARRATIVE**

### **BACKGROUND**

The Haines Assisted Living Facility is a two-phase project located on a site that offers tremendous southern exposure of the majestic Chilkat Mountains. The floor plan is organized around an interior central garden and glazed two-story 'street/front porch' along the garden that functions as the main corridor. The building design is a blend of oriental/craftsman styles that provide a residential scale, interest, and warmth.

The building is raised slightly to allow views of the Chilkat Range to be unobstructed by parking and the adjacent buildings to the south.

Phase I of the facility will be 19,368 sf plus a 2,398 sf basement and consists of 13 residential living units, a hospice unit, commercial kitchen, two-story dining room with southern exposure, café, ice cream counter, sitting rooms, physical therapy, beauty salon, laundry, offices, support facilities, elevator, resident storage, terraced garden, and parking. To create a dynamic interaction between residents, all units are accessed from the 'corridor/street' and have a semi-private entry zone with windows into the unit and window boxes for gardening. The main entrance to the facility is defined by a large inviting, heavy-timbered, porch with covered drop-off zone.

Phase II of the facility will be 7,472 sf and consists of 11 additional residential units.

### **SITE**

The site was donated by Lucy Harrell and the design was developed, in part, on her vision of an assisted living facility, capturing the exceptional view and promoting resident interaction.

The site is located on the corner of Third Avenue and Union Street and is two blocks from Haines' Main Street and boat harbor.

The site development includes small parking areas at the main entry and staff parking at the alley level with stair access to the central garden. The parking and garden will be developed in Phase I.

The existing two-story building at the SE corner of the site will be demolished as part of the Phase I construction.
