Contending with Antisemitism in a Rapidly Changing Political Climate Alvin H. Rosenfeld, 2021-11-02 Today's highly fraught historical moment brings a resurgence of antisemitism. Antisemitic incidents of all kinds are on the rise across the world including hate speech, the spread of neo-Nazi graffiti and other forms of verbal and written threats, the defacement of synagogues and Jewish cemeteries and acts of murderous terror. Contending with Antisemitism in a Rapidly Changing Political Climate is an edited collection of 18 essays that address antisemitism in its new and resurgent forms. Against a backdrop of concerning political developments such as rising nationalism and illiberalism on the right, new forms of intolerance and anti-liberal movements on the left, and militant deeds and demands by Islamic extremists, the contributors to this timely and necessary volume seek to better understand and effectively contend with today's antisemitism.

**Social Problems and Inequality** John Alessio, 2016-04-01 Social Problems and Inequality explores integrated and root cause based explanations of complex social problems. Written in clear and understandable language allowing it to be used for classroom purposes, it addresses the most fundamental principles of how humans acting through social units create and eventually can remedy social problems. With a central focus on the problem of inequality and the manner in which this is manifested in crime, social class and stratification, this book examines the key theoretical perspectives relevant to the study and solution of social problems whilst drawing upon rich illustrations and case studies from the US and Europe to offer a thorough examination of the nature, common root causes and social remedies of social problems. Providing discussions of both theoretical approaches and concrete applications, Social Problems and Inequality investigates the sources of various prejudices and attitudes that contribute to social problems and the associated issues of globalization, economic greed and imperialism. Accessible in style and comprehensive in its coverage, this book will appeal to students and scholars of social problems across the social sciences.
