**OpenIntro Statistics** David Diez, Christopher Barr, Mine

Çetinkaya-Rundel, 2013-05-17 Note that this book has a different ISBN than the copies found on Amazon. It is an official version of OpenIntro Statistics but it is listed under a separate ISBN to allow lower pricing on CreateSpace for bulk or international orders. All OpenIntro Statistics copies are sold royalty free. The reason the price is lower here than on Amazon is that the fees for selling through CreateSpace are lower than through Amazon. The downside is that buyers must pay for shipping on CreateSpace whereas shipping is often free on Amazon and the net price there tends to be the cost effective option for most buyers.
