*Democracy, Social Values, and Public Policy* Milton M. Carrow,Robert Paul Churchill,Joseph J. Cordes,1998-06-18 Transcending the widespread concerns about deteriorating moral values in American society this collection focuses on the common values of American society Through the perspectives of philosophers historians political scientists theologians anthropologists economists and scientists this book examines American social values and discusses how they are applied in current areas of public interest American democratic ideals are not simply rooted in the conventional structural and institutional elements of a democracy such as the Constitution and the Bill of Rights American democracy in fact could not survive without a strong basis of social values that support community tolerance and cooperation Since social values form the common bonds of society and may not be supported by individual members they are determined through a complex cultural legal and political process as one of the contributors points out The contributors to this book were assembled from a variety of disciplines and professions to examine social values and analyze their application in specific areas of current controversy Through the perspectives of philosophy

anthropology history economics political science biomedical ethics and religion these discussions cover not only disciplinary perspectives but cover topics such as the environment intergenerational interaction social welfare policies gender and genetic engineering      **Moral Acquaintances** Kevin William Wildes,2000 The author of this text argues that the methodological issues in bioethics mirrors the experience of moral pluralism in a secular society The different methods that have been used in the field reflect the different moral views found in a pluralistic society      **BMJ** ,1998      *Perspectives on Science and Christian Faith* American Scientific Affiliation,1987      **WIPO Magazine** ,2006      **Public Health Reports** ,2016
