Practice and progress L. G. Alexander, 1977 *The Routledge Handbook of Materials Development for Language Teaching* Julie Norton, Heather Buchanan, 2022-03-16 *The Routledge Handbook of Materials*

Development for Language Teaching is the definitive resource for all working in this area of language and English language teaching. With 34 chapters authored by leading figures from around the world, the Handbook provides an historical overview of the development of language teaching materials, critical discussion of core issues, and an assessment of future directions. The contributions represent a range of different international contexts, providing insightful state-of-the-art coverage of the field. Structured in nine sections, the Handbook covers changes and developments in language teaching materials, controversial issues in materials development research, materials development materials for language learning and skills development, materials evaluation and adaptation, materials for specific contexts, materials development and technology, developing materials for publication, professional development, and materials writing. Demonstrating throughout the dynamic relationship between theory and practice, this accessible Handbook is essential reading for researchers, scholars, and students on MA programmes in ELT, TESOL, and applied linguistics.

English for Speakers of Other Languages English-Teaching Information Centre (London, England), 1974 **Practice and progress** L. G. Alexander, 1973 New concept English, 1972 **New Concept English**. Alexander L. G., 1985 *Method and Postmethod in Language Teaching* Graham Hall, 2024-10-31

Method and Postmethod in Language Teaching provides a comprehensive, accessible, and engaging guide to the much-debated notions of method, methods, and postmethod in language teaching. Divided into three sections: Contexts, Concepts, and Debates, the book sets out traditional understandings of method, examines alternative accounts and critiques that inform and at times go beyond postmethod thinking within language teaching, and finally relates these issues to key practical debates and dilemmas that teachers navigate in the classrooms. Highlighting the importance of teachers' understandings of their own professional contexts, the volume uses the notion of method as a lens through which teachers and other language teaching professionals can clarify their understandings of language teaching, both in terms of pedagogic practices and classroom possibilities, and with regard to the development of this diverse field more generally. Throughout, readers are encouraged to develop their own thinking and practice in contextually appropriate ways, supported by discussion questions and key readings that accompany each chapter, a glossary of key terms, and suggestions for additional reading. This book is an indispensable resource for language teachers and other language teaching professionals, as well as postgraduate and upper-level undergraduate students of Applied Linguistics, Language Teacher Education, and ELT, TESOL, and other language teaching programmes.
