*Gods of the Smoke Machine* Scott Latta, 2025-10-28 A harrowing look at a growing and in many ways unaccountable force in American political life Publishers Weekly We are entering a new era of religion in America For the first time fewer than half the country belongs to a church But within that group growing numbers are consolidating in megachurches which are amassing social and political power in our age of convenience and easy celebrity Megachurch pastors have never been more influential with media empires networks and entire colleges under their control But their churches have also never been more prone to abuse and hurt *Gods of the Smoke Machine* goes inside America's largest churches to uncover the hidden stories of trauma happening within our most powerful Christian institutions and meet the survivors attorneys and advocates fighting for accountability It is a cloaked world of sex power politics and money but also a human story of pain betrayal and resilience Combining personal storytelling and original reporting author Scott Latta pulls back the curtain on a dangerously insular institution of more than seventeen hundred churches nationwide that is answerable to almost no outside accountability Even those who have never set foot in a church can feel the implications of this societal shift Megachurch pastors were the kingmakers of Donald Trump and drove the rhetoric behind the January 6 attack on the US Capitol For decades they have crafted their own laws even as they fought to influence ours *Gods of the Smoke Machine* tells a sweeping story of those who commoditized our search for meaning into a machine that preserves privilege profit and power at the cost of those it wounds along the way

**The Free-market Family** Maxine Eichner, 2020 US families have been pushed to the wall At the bottom of the economic ladder poor and working class adults aren't forming stable relationships and can't give their kids the start they need because of low wages and uncertain job prospects Toward the top professional parents lives have become a grinding slog of long hours of paid work Meanwhile their kids are overstressed by pressure to succeed and get into good colleges In this provocative book Maxine Eichner argues that these very different struggles might seem unconnected but they share the same root cause the increasingly large toll that economic inequality and insecurity are taking on families It's government rather than families that's to blame Eichner persuasively contends Since the 1970s politicians have sold families out to the wrongheaded notion that the free market alone best supports them In five decades of free market family policy they've scrapped government programs and gutted market regulations that had helped families thrive The consequence is the steady drumbeat of bad news we hear about our country today the opioid epidemic skyrocketing suicide and mental illness rates deaths of despair and mediocre student achievement scores Meanwhile politicians just keep telling families to work a little harder *The Free Market Family* documents US families' impossible plight showing how much worse they fare than families in other countries It then demonstrates how politicians' free market illusions steered our nation wildly off course Finally it shows how using commonsense measures we can restructure the economy to work for families rather than the reverse Doing so would invest in our children's futures increase our wellbeing reknit our social fabric and

allow our country to reclaim the American Dream      *Paideia* Dr. Joni Nicole McAllister, 2024-10-31 Overseer Dr Joni Nicole McAllister was born in Brooklyn New York to the late John Allen McAllister Sr and the late Virginia Scott McAllister She is the second of eight children who grew up in the South Bronx The author currently holds both Associate and Bachelor of Science degrees in Business from Empire State University a Master of Arts in Theological Studies degree from Liberty University a Master of Divinity degree and a Doctor of Ministry degree from Apex School of Theology In her forty years of ministry she has a passion for training associate ministers who are called by God but have little or no adequate ministerial training to address the needs of their congregation or provide support to their senior pastor Joni is the founder of Paideia University located in Greenville North Carolina which assists in training pastors associate ministers and ministry leaders Paideia The Associate Minister s Training Manual is her first book A second book Paideia The Associate Minister s Workbook will be released in 2024 Joni worked as a customer service representative and retired from Verizon Communications after twenty six years of service Joni is the Senior Pastor of Healing Word Ministries which is located in Greenville NC She is an ordained Overseer who serves under the auspices of the Presiding Bishop Tillary Nashaun Burkett and Executive Pastor Krystal Burkett of the Progressive Fellowship of Churches Corona New York Joni loves the Lord and the church where she serves She enjoys fun times with her family and friends gospel music classic black and white movies concerts and traveling Her future goals are to learn to swim and play the violin Joni currently lives in North Carolina      *Global and Local Televangelism* P. Thomas, P. Lee, 2012-07-30 An exploration of the many faces of televangelism in our world today including Christian Islamic and Hindu The collection analyses the correspondences and major differences between global and local televangelism focusing on the main individuals involved in televangelism their practices and the social and cultural impact of their ministries      **The Coming of Neo-Feudalism** Joel Kotkin, 2020-05-12 Following a remarkable epoch of greater dispersion of wealth and opportunity we are inexorably returning towards a more feudal era marked by greater concentration of wealth and property reduced upward mobility demographic stagnation and increased dogmatism If the last seventy years saw a massive expansion of the middle class not only in America but in much of the developed world today that class is declining and a new more hierarchical society is emerging The new class structure resembles that of Medieval times At the apex of the new order are two classes a reborn clerical elite the clerisy which dominates the upper part of the professional ranks universities media and culture and a new aristocracy led by tech oligarchs with unprecedented wealth and growing control of information These two classes correspond to the old French First and Second Estates Below these two classes lies what was once called the Third Estate This includes the yeomanry which is made up largely of small businesspeople minor property owners skilled workers and private sector oriented professionals Ascendant for much of modern history this class is in decline while those below them the new Serfs grow in numbers a vast expanding property less population The trends are mounting but we can still reverse them if people understand what is actually occurring and have the capability to oppose

them Annual Review of Information Science & Technology Blaise Cronin, 2006-10 ARIST published annually since 1966 is a landmark publication within the information science community. It surveys the landscape of information science and technology providing an analytical, authoritative and accessible overview of recent trends and significant developments. The range of topics varies considerably reflecting the dynamism of the discipline and the diversity of theoretical and applied perspectives. While ARIST continues to cover key topics associated with classical information science e.g. bibliometrics, information retrieval, editor Blaise Cronin is selectively expanding its footprint in an effort to connect information science more tightly with cognate academic and professional communities. *Quaker Life*, 2004 Full Gospel Business Men's Voice, 1991 **Authentication** Richard E. Smith, 2002 Authentication is the way computers can confidently associate an identity with a person. This book examines the problem that networking professionals face in choosing and using different techniques for reliably identifying computer users, protecting against attacks and employing various methods of security.

**AFA Journal**, 2005 **American Government** Karen O'Connor, Larry J. Sabato, Stefan Haag, Gary Keith, 2005-03 The new edition of this bestseller in American government has been aggressively revised to provide the most in depth and current coverage of the 2004 elections, the beginnings of the second George W. Bush administration and the ongoing wars on terror and in Iraq while also providing expansive new coverage of the United States and Texas's Constitutional roots. The Texas Edition includes seven complete chapters on Texas government and politics. Written with the belief that students must first understand how American government developed to fully understand the issues facing our nation today, O'Connor Sabato offers the strongest coverage of both history and current events on the market today. The new edition provides deeper coverage of both history and events today by exploring the Constitutional roots of our system and how those roots are relevant and often challenged today. The authors also continue their commitment to currency and student relevance by providing up to the minute coverage of the new Bush administration, the ongoing war in Iraq etc. **The Public Eye**, 2007 A journal of social and political issues Schwann Spectrum Schwann Publications, Schwann Publications Staff, 1996-11
