Day at a Time David M. Sloan,2011-08-17 One Day at a Time is an inspirational story of David Sloan s battle against MS This book is about using hope and attitude as weapons to fight through the mental gymnastics and roadblocks that MS created as Sloan s disease progressed It features a step by step description of searching for answers that resulted in finally finding a label for his disabling symptoms Sloan s life as a successful investment banker always in control gave way to learning that health and family were much more important than money and power when he finally retired on long term disability His journey included traveling alone to Brazil where he spent time with a spiritual healer This experience strengthened Sloan s resolve to never give up and use attitude to his advantage Whoever he knows or meets has never met anyone with a stronger positive attitude One can only understand his strength by learning about a similar battle with MS fought by Sloan s mom who spent thirteen years in a nursing home yet never complained Disruption of Habits During the

Pandemic AA: VV:,2022-09-23T00:00:00+02:00 In the year 2020 what we used to think that our habits have been profoundly disrupted Lockdown still represents an unprecedented experience for all of those who went through it since it radically affected our freedom of movement and social interaction that used to make up our everyday lives Some people believe that once the pandemic ends nothing will be the same Others think that once the virus becomes weaker or a vaccine is at our disposal and the fear is diminished everything will go back to normal because the mechanism of habit is in many ways similar to the mechanisms of nature reiterating the uniformity of its functioning Who is right then Both positions perhaps When philosophers addressed the issue of customs namely collective habits generally emphasized the caution required when it comes to changing them and if we look back on history Could pandemics affect shared habits in specific territories as ultimately generated in reaction to other natural risks and or to their threats The Times Index ,1998 Indexes the Times
