GURMEET SINGH DANG, *The iConoclast* Azhar ul Haque Sario, 2024-12-18 Ever wondered what happened to Apple's revolutionary spirit after Steve Jobs The iConoclast dives deep into the Tim Cook era exploring how Apple has navigated the challenges of a mature smartphone market intense competition and evolving consumer expectations It's a journey beyond the headlines examining Apple's quest for the next big thing beyond the iPhone We'll dissect their forays into AR VR AI and even the automotive world The book tackles the App Store controversies the rise of the Appverse ecosystem and the ethical dilemmas of AI driven design We'll even explore how the iPhone has shaped a generation and transformed social interaction This isn't just another Apple biography or a dry analysis of market trends The iConoclast offers a fresh perspective challenging conventional wisdom and asking tough questions about innovation leadership and the future of technology It goes beyond simplistic comparisons between Jobs and Cook delving into the complexities of Apple's design process its global impact and its evolving relationship with consumers While other books focus on the what of Apple's products The iConoclast digs into the why and the how providing a nuanced understanding of the company's strategies challenges and ambitions in a rapidly changing world *Mass Media in 2025* Erwin Kenneth Thomas, Brown H. Carpenter, 2001-08-30 The future of mass media may appear unpredictable and too complex to fathom but Mass Media in 2025 takes a scholarly theoretical approach

to identifying trends and explaining their possibilities Noted contributors approach a variety of media with a solid grounding in the history of each and an eye for which may be vulnerable and which may thrive in the new technological age Trends such as interactivity and niche building will affect everything from the newspaper to public relations and this collection of essays provides a fascinating guide to where the next decades may take us Regardless of the visual aural or printed form Mass Media in 2025 illustrates the degree to which older media will have to incorporate the level of interaction and specialization offered by newer media if they are to survive These effects can already be seen in the proliferation of television channels in the ironic bent of advertising in the rise of infotainment in news organizations This book shows not only how all of this has come to be but also more importantly where it will go
