*The Metaverse* Matthew Ball, 2024-07-23 From the leading theorist of the Metaverse comes the eagerly anticipated revised and updated account of the next internet what the Metaverse is what it will take to build it and what it means for all of us A Hudson Booksellers Amazon Guardian Financial Times Economist and ByteDance Toutiao Best Book of the Year In this substantially revised and updated edition of his internationally best selling book pioneering theorist and entrepreneur Matthew Ball goes beyond the hype cycle to present a definitive account of the future of the internet The Metaverse according to Ball's industry shaping definition is a persistent and interconnected network of 3D virtual worlds that will eventually serve as the gateway to most online experiences and underpin much of the physical world As Ball recounts the Metaverse is a thirty year old term and the core ideas and technologies behind it have been in development for nearly a century Only recently however did this

fantastical concept begin to leap from the pages of science fiction and depths of national research labs to the forefront of consumer technology industrial engineering healthcare education dating and more From the history of video games and virtual reality to proto metaverses such as Second Life Fortnite and Roblox to Generative AI and the groundbreaking films and television series of the Walt Disney Company Ball points out that the Metaverse is already emerging around us and doesn't require a headset Still there are many breakthroughs required to fully realize the Metaverse and he describes each in approachable but expert detail Ball also lays out how governmental policy the philosophy of Big Tech leaders artificial general intelligence economics and human rights will shape the development of the Metaverse Famous for his ability to bring clarity to complex and misunderstood topics Ball demonstrates that the race to build the Metaverse also known as the spatial or immersive internet is only accelerating The Metaverse will endure as an indispensable guide for enthusiasts tech aficionados and anyone curious about the profound transformations underway in our increasingly interconnected world

**Deviant Landscapes** Fivos Papadimitriou, Olaf Kühne, 2025-04-11 Deviant landscapes can be physical or digital or outright fictitious Whatever their nature or context they do not conform to normality Deviant landscapes can be encountered on the face of the earth on computer screens in people's minds This anthology presents varying perspectives on deviant landscapes widening the theoretical framework of spatial and landscape research by delving into the hitherto almost uncharted realm of deviant landscapes in a way that is missing in the academic literature It exposes a variety of perspectives on deviant landscapes from disparate scientific domains i.e. geography literary studies sociology game studies cultural studies and delivers useful insights into the diverse theoretical approaches that can be adopted to examine such landscapes neopragmatist social constructivist scientometric art theoretical etc
