**Corporate Governance Failures** James P. Hawley, Shyam J. Kamath, Andrew T. Williams, 2011-04-15 Corporate governance the internal policies and leadership that guide the actions of corporations played a major part in the recent global financial crisis While much blame has been targeted at compensation arrangements that rewarded extreme risk taking but did not punish failure the performance of large supposedly sophisticated institutional investors in this crisis has gone for the most part unexamined Shareholding organizations such as pension funds and mutual funds hold considerable sway over the financial industry from Wall Street to the City of London Corporate Governance Failures The Role of Institutional Investors in the Global Financial Crisis exposes the misdeeds and lapses of these institutional investors leading up to the recent economic meltdown In this collection of original essays edited by pioneers in the field of fiduciary capitalism top legal and financial practitioners and researchers discuss detrimental actions and inaction of institutional investors Corporate Governance Failures reveals how these organizations exposed themselves and their clientele to extremely complex financial instruments such as credit default swaps through investments in hedge and private equity funds as well as more traditional equity investments in large financial institutions The book s contributors critique fund executives for tolerating the pursuit of alpha culture that led managers to pursue risky financial strategies in hopes of outperforming the market The volume also points out how and why institutional investors failed to effectively monitor such volatile investments ignoring relatively well established corporate governance principles and best practices Along with detailed investigations of institutional investor missteps Corporate Governance Failures offers nuanced and realistic proposals to mitigate future financial pitfalls This volume provides fresh perspectives on ways institutional investors can best act as gatekeepers and promote responsible investment
