Media Edge Media Logic And Social Reality:

Media Edge David L. Altheide, 2014-11-17 This book challenges social science to address the most important social change since the industrial revolution the mediated communication order More of our everyday lives and social institutions reflect the compelling media logic that resonates through conversation interaction marketing as well as social programs issues and foreign policy We are beyond the time when people take into account media matters rather media matters are now incorporated as a kind of social form in routine and extraordinary activities This thesis was first laid out in *Media Logic* co authored with Robert P Snow in 1979 mediated communication is increasingly about media performances and individual selection to promote identity Neoliberalism in Multi-Disciplinary Perspective Adrian Scribano, Freddy Timmermann Lopez, Maximiliano E. Korstanje, 2018-08-08 This volume brings together well versed authors from four continents to critically discuss the roots of neoliberalism and how academics use the word today Neoliberalism has recently recycled and mutated towards new forms of radicalization where fear plays a leading role legitimating policies which would otherwise be overtly neglected by citizens The authors ignite a new discussion within social sciences combining the advances of sociology history anthropology communication and the theory of mobilities to understand the different faces and guises of neoliberalism

The Routledge Companion to News and Journalism Stuart Allan, 2022-11-28 The Routledge Companion to News and Journalism brings together scholars committed to the conceptual and methodological development of news and journalism studies from around the world Across 50 chapters organized thematically over seven sections contributions examine a range of pressing challenges for news reporting including digital convergence mobile platforms web analytics and datafication social media polarization and the use of drones Journalism s mediation of social issues is also explored such as those pertaining to human rights civic engagement gender inequalities the environmental crisis and the Black Lives Matter movement Each section raises important questions for academic research generating fresh insights into journalistic forms practices and epistemologies The Companion furthers our understanding of why we have ended up with the kind of news reporting we have today its remarkable strengths the difficulties it faces and how we might improve upon it for tomorrow Completely revised and updated for its second edition this volume is ideal for advanced undergraduates postgraduates researchers and academics in the fields of news media and journalism studies *Terrorism and the Politics of Fear* David L. Altheide, 2017-06-27 This thoughtful text demonstrates how the mass media constructs a politics of fear in the United States Using a social interactionist perspective the chapters examines such issues as the expansion of surveillance on the Internet the construction of a terrorism fighting hero to promote patriotism the use of social media by terror groups the fear of the other fostered by the refugee crisis and western radicalization as well as the mass mediated reaction to recent terrorist attacks Also covered are the politics of fear involving disease Ebola Zika social control efforts and harsh attacks on American governmental officials for not keeping people safe from harm All chapters in this new edition have been updated with

descriptions and relevant analysis of significant events including two Israeli Hamas wars terrorism attacks e g Boston Marathon Charlie Hebdo San Bernadino etc global reactions often hostility to refugees in the United States and especially Europe the development of ISIS surveillance Wiki Leaks Snowden NSA and the growing significance of social media The text explains how the social construction of fear is used to steer public and foreign policy arguing that security policies to protect the citizenry from violence have become control systems that most often curtail privacy and civil liberties

The Routledge International Handbook of Interactionism Dirk vom Lehn, Natalia Ruiz-Junco, Will Gibson, 2021-05-26 The Routledge International Handbook of Interactionism demonstrates the promise and diversity of the interactionist perspective in social science today providing students and practitioners with an overview of the impressive developments in interactionist theory methods and research Thematically organized it explores the history of interactionism and the contemporary state of the field considering the ways in which scholars approach topics that are central to interactionism As such it presents discussions of self identity gender and sexuality race emotions social organization media and the internet and social problems With attention to new developments in methods and methodologies including digital ethnography visual methods and research ethics the authors also engage with new areas of investigation that have emerged in light of current societal developments such as policing and police violence interactionism beyond binaries and social media Providing a comprehensive overview of the current state and possible future of interactionist research it will appeal to interactionist scholars as well as to established sociologists and students of sociology who have an interest in latest developments in interactionism

Media Logic(s) Revisited Caja Thimm, Mario Anastasiadis, Jessica Einspänner-Pflock, 2017-12-12 This volume provides new approaches to the concept of media logics developed by Altheide and Snow by drawing on theoretical and empirical perspectives from international scientists working in the field of communications media political science and sociology In an increasingly digitized and globalized world powerful media structures and technologies influence our daily lives in many respects It is not only mass media but poly media channels that become more and more contextualized in everyday lives Therefore it is necessary to revisit the theory of media logics which focuses on the strong intercorrelation of media technologies media institutions and media power Media Logic s Revisited attends to this by critically reflecting on the idea of media logic a much needed input in light of current developments and strong cultural embedding of media in various social contexts

Gonzo Governance David L. Altheide, 2022-10-24 Drawing on social science and communications theory Gonzo Governance offers a new interpretation of presidential power that shifts focus to the media dynamics that surrounded Donald Trump The former president s unhinged

behavior and skilled media and digital manipulations changed the nature and process of significant governance at the federal and state levels including denying election results and restricting voting opportunities He went Gonzo promoting himself without regard for conventional norms and practices and blasted ideological fault lines into explosive political fragments resulting in so much dissensus that numerous legislators would not recognize the newly elected President Biden nor would they agree to take a potential life saving vaccine because it had been associated with a politicized virus COVID 19 Nurtured by media logic and a communications ecology that has wedded people to digital technologies and formats that govern the structure grammar form expectations and meanings of messages that can entertain enlighten and disinform this form of governance alters the fundamental way that information is communicated David L Altheide emphasizes how these changes informed Donald Trump s electoral strategies as well as the insurrection attempt on the U S Capitol on January 6 2021

Social Psychology and Modernity Thomas Johansson,2000 This work explores contemporary developments within social psychology some of the key thinkers within this field are introduced and discussed The aim of the book is not only to function as an introduction to social psychology however it also aims at developing new ways of approaching and using social psychological thinking It raises the question how adequate and up to date is existing social psychological theorizing

China's Window on the World Tsan-Kuo Chang,Jian Wang,Yanru Chen,2002 Table of contents *Media Logic* David L. Altheide,Robert P. Snow,1979-08 Analyzes such social institutions as politics religion and sport as they are presented and transformed by the media to affect our shared stock of knowledge Altheide and Snow move beyond a consideration of the reasons for the picture given by media of these institutions and the ways in which media has impact to a more pervasive view of our culture as shaped by the media that are a part of it Altheide and Snow do successfully show how a common media logic has gripped such apparently different areas as spectator politics sport and religion They do show how all other media tend to conform to a dominant television format The Media Reporter Spring 1980 Race, Politics, and Culture Adolph L. Reed,1986-10-16 This lively and provocative collection of essays on the social upheavals of the 1960s is a major contribution to our understanding of that tumultuous decade Written by a group of former sixties activists most of whom are now academics it combines a unique transracial dialogue on that activism with incisive analyses of the context within which radicalism developed **Current Index to Journals in Education** ,1996 **The Index** ,1873 **(Re)constructing Communities** Jeffrey Hou,Mark Francis,Nathan Brightbill,2005 **The Journal of Popular Film and Television** ,2006
