EvolutionMatter and MemoryMeaning of the War Life Matter in ConflictDreams **The Meaning of the War** Henri Bergson,2015-10-17 This little volume contains the discourse delivered by M Bergson as President of the Academie des Sciences Morales et Politiques at its annual public meeting on December 12 1914 It is the address which preceded the announcement of the prizes and awards bestowed by the Academy It is now issued in book form with the consent of the author and his full appreciation of the object to give it the widest circulation Although it is brief it is a message addressed directly to the heart of our people in the crisis of war To it is added a short article on the same theme contributed to the Bulletin des Armees de la Republique November 4 1914 It has been said that war with all its terrible evils is the occasion of at least one good which humanity values as above price it inspires great poetry On the other hand it seems to crush philosophy Many may think that in this message it is poetry to which M Bergson is giving expression It is however from the

depth of his philosophy that the inspiration is drawn The full significance of the doctrines he has been teaching and their whole moral and political bearing are brought into clear light focussed as it were on the actual present struggle Yet is there no word that breathes hatred to any person or to any race It is by the triumph of a spiritual principle that philosophy may hope to free humanity from the oppression of a materialist doctrine COVER IMAGE used under Creative Commons 2 0
