The Long Game Dorie Clark, 2021-09-21 A Wall Street Journal Bestseller Your personal goals need a long term strategy It is no secret that we are pushed to the limit Today's professionals feel rushed overwhelmed and perennially behind So we keep our heads down focused on the next thing and the next without a moment to breathe How can we break out of this endless cycle and create the kind of interesting meaningful lives we all seek Just as CEOs who optimize for quarterly profits often fail to make the strategic investments necessary for long term growth the same is true in our own personal and professional lives We need to reorient ourselves to see the big picture so we can tap into the power of small changes that made today will have an enormous and disproportionate impact on our future success We need to start playing The Long Game As top business thinker and Duke University professor Dorie Clark explains we all know intellectually that lasting success takes persistence and effort And yet so much of the relentless pressure in our culture pushes us toward doing what's easy what's guaranteed or what looks glamorous in the moment In *The Long Game* she argues for a different path It's about doing small things over time to achieve our goals and being willing to keep at them even when they seem pointless boring or hard In *The Long Game* Clark shares unique principles and frameworks you can apply to your specific situation as well as vivid stories from her own career and other professionals' experiences Everyone is allotted the same twenty-four hours but with the right strategies you can leverage those hours in more efficient and powerful ways than you ever imagined It's never an overnight process but the long term payoff is immense to finally break out of the frenetic day-to-day routine and transform your life and your career
