Nothing But the Truth Anna Politkovskaya, 2011 Before her murder in 2006 Anna Politkovskaya won international fame for her reporting Nothing But the Truth is a collection of her best writing Beginning with a brief introduction by the author about her pariah status Nothing But the Truth contains material which characterizes the self effacing Politkovskaya more fully than she allowed in her other books The collection in this book presents a solid overview of her highly professional reportage and will also stand as a tribute to her matter of fact personal courage disclosing information Anna glosses over or omitted completely about the dangers she faced and the threats she received in the course of her work Elsewhere there are illuminating accounts of interviews and encounters with Western leaders including Lionel Jospin Tony Blair George W Bush and such exiled figures as Boris Berezovsky Akhmed Zakaev and Vladimir Bukovsky Additional sections contain her non political writing revealing her delightful personality as well as detailing international reactions to her murder Nothing But the Truth serves as a wide ranging and lasting collection of writing by one of the most outstanding and courageous reports of our era From the Hardcover edition

Nothing but the Truth Steven Lubet, 2001-03-01 Lubet's Nothing But The Truth presents a novel and engaging analysis of the role of storytelling in trial advocacy The best lawyers are storytellers he explains who take the raw and disjointed observations of witnesses and transform them into coherent and persuasive narratives Critics of the adversary system of course have little patience for storytelling regarding trial lawyers as flimflam artists who use sly means and cunning rhetoric to befuddle witnesses and bamboozle juries Why not simply allow the witnesses to speak their minds without the distorting influence of lawyers stratagems and feints But Lubet demonstrates that the craft of lawyer storytelling is a legitimate technique for determining the truth and not at all coincidentally for providing the best defense for the attorney's client Storytelling accomplishes three important purposes at trial It helps to establish a theory of the case which is a plausible and reasonable explanation of the underlying events presented in the light most favorable to the attorney's client Storytelling also develops the trial theme which is the lawyer's way of adding moral force to the desired outcome Most importantly storytelling provides a coherent story frame which organizes all of the events transactions and other surrounding facts into an easily understandable narrative context As with all powerful tools storytelling may be misused to ill purposes Therefore as Lubet explains lawyers

do not have carte blanche to tell whatever stories they choose It is a creative process to be sure but every story must ultimately be based on nothing but the truth There is no room for lying On the other hand it is obvious that trial lawyers never tell the whole truth since life and experience are boundless and therefore not fully describable No lawyer or court of law can ever get at the whole truth but the attorney who effectively employs the techniques of storytelling will do the best job of sorting out competing claims and facts thereby helping the court arrive at a decision that serves the goals of accuracy and justice To illustrate the various challenges benefits and complexities of storytelling Lubet elaborates the stories of six different trials Some of the cases are real including John Brown and Wyatt Earp while some are fictional including Atticus Finch and Liberty Valance In each chapter the emphasis is on the narrative itself emphasizing the trial s rich context of facts and personalities The overall conclusion as Lubet puts it is that purposive storytelling provides a necessary dimension to our adversary system of justice
