**Americans in Egypt, 1770-1915** Cassandra Vivian,2012-08-29 The voices of Americans have long been absent from studies of modern Egypt Most scholars assume that Americans were either not in Egypt in significant numbers during the nineteenth century or had little of importance to say This volume shows that neither was the case by introducing and relating the experiences and attitudes of 15 American personalities who worked lived or traveled in Egypt from the 1770s to the commencement of World War I Often in their own words explorers consuls tourists soldiers missionaries artists scientists and scholars offer a rare American perspective on everyday Egyptian life and provide a new perspective on many historically significant events The stories of these individuals and their sojourns not only recount the culture and history of Egypt but also convey the domination of the country by European powers and the support for Egypt by a young American nation

Short Fiction Gustave Flaubert, 2019-03-17 Gustave Flaubert was an influential novelist who had both the characteristics of a romanticist and a realist. The short stories in this collection put that dichotomy on display. Flaubert wrote the first story, *The Dance of Death*, when he was only 17 years old. It is written in a play format though sometimes referred to as a prose poem and features a conversation between Death, Satan, and Nero. *The Legend of Saint Julian the Hospitaller* is a story about Julian the Hospitaller, a man who shares some similarities with Oedipus. *A Simple Soul* tells the story of a servant girl named Felicit and lastly *Herodias* retells the beheading of St. John the Baptist.

Sentimental Education Gustave Flaubert, 2016-07-05 Considered one of the most influential novels of the 19th century, *Sentimental Education* describes the life of a young man, Frederic Moreau, living through the revolution of 1848 and the founding of the Second French Empire and his love for an older woman. **November** Gustave Flaubert, 1967 The story of an adolescence's discovery of illicit love. An intense, passionate and profoundly moving work, Flaubert's *November* explores the notions of desire and longing to most remarkable effect. Wrestling with the agony of loneliness, a young man withdraws deeper into himself, believing he has now reached the autumn of his life. His increasing hopelessness gives way to a yearning for romance; surely the love of a woman can deliver him the purpose he so craves. Convinced of the truth of this, he visits Marie, a kindhearted prostitute, yet Marie too is starved of love and longs for acceptance. Together they form a tragic portrait of personal anguish, heralding the extraordinary outpouring of romantic longing found in Flaubert's later novels.
