Dennis R. Howard,Brad R. Humphreys,2008-06-30 The sports industry is large visible and growing and it has a huge impact on society That s obvious to die hard fans who not only watch sporting events but buy everything from balls to ties to paperweights with their favorite team s logo But even sports haters can t escape the onslaught of professional sports They are asked to chip in as taxpayers to build public stadiums and their children are like it or not exposed to events sponsored by alcohol and tobacco companies not to mention the juvenile antics of star athletes Businesses of course take a hit in productivity when the Olympics or World Series or Super Bowl or World Cup rolls around Yet most of us love to watch and play The Business of Sports takes on this endlessly fascinating behemoth of an industry to make sense of it all Yes sports is big business How big Estimates of total annual U S spending on sporting goods and services range from 250 to 560 billion a year and spending related to organized sport alone has been estimated at 200 billion per year And it s getting bigger casting an ever larger shadow over the entire globe The Business of Sports throws light on the subject by exploring the business and

economic dynamics of the industry from a diverse array of perspectives that cover the industry's macroeconomic management and marketing promotion issues Volume 1 Perspectives on the Sports Industry documents the current size scope and magnitude of the sports industry in the U.S. and abroad including the U.K. and China. It also examines the importance of the world's most visible sporting events like the Olympics and the impact of sporting events broadcast around the world. Volume 2 Economic Perspectives on Sport takes an in-depth look at the sports industry from an economic perspective. Volume 3 Bridging Research and Practice fills the gap between scholarly research on sport and practitioners working in the industry. Topics include evaluating talent, maintaining managerial efficiency, analyzing statistical performance indices, and assessing the noneconomic benefits of professional sports. Business and sports are a potent mix of two of the strongest forces moving our society today. And as the stratospheric salaries of professional athletes indicate, the industry is going through major growth and change.
