Diversity and Cultural Competence in Health Care Janice L. Dreachslin, M. Jean Gilbert, Beverly Malone, 2012-11-05 Major changes are occurring in the United States population and the nation's health care institutions and delivery systems. Significant disparities in health status exist across population groups. But the health care enterprise with all its integrated and disparate parts has been slow to respond. Written by three nationally known scholars and experts, *Diversity and Cultural Competence in Health Care: A Systems Approach* is designed to provide health care students and professionals with a clear understanding of foundations, philosophies, and processes that strengthen diversity management, inclusion, and culturally competent care delivery. Focusing on current practice and health care policy, including the recently passed Patient Protection and Affordable Care Act of 2010 (ACA), this textbook integrates strategic diversity management, self-reflective leadership, and the personal change process with culturally and linguistically appropriate care into a cohesive, systems-oriented approach for health care professionals. The essentials of cultural competence and diversity management covered in this text will be helpful to a wide variety of students because they encompass principles and practices that can be realistically incorporated into the ongoing work of any health care field or organization. Each chapter contains learning objectives, summary, key terms, and review questions and activities designed to allow students to understand and explore concepts and practices identified throughout the text.

**A Comprehensive Encyclopedia of Film Noir** John Grant, 2023-09-21 Featuring rumpled PIs, shyster lawyers, corrupt politicians, double crossers, femmes fatales, and of course losers who find themselves down on their luck yet again, film noir is a perennially popular cinematic genre. This extensive encyclopedia describes movies from noir's earliest days and even before, looking at some of noir's ancestors in US and European cinema as well as noir's more recent offshoots from *neonoirs* to erotic thrillers. Entries are arranged alphabetically, covering movies from all over the world from every continent save Antarctica, with briefer details provided for several hundred additional movies within those entries. A copious appendix contains filmographies of prominent directors, actors, and writers. With coverage of blockbusters and program fillers from *Going Straight* (US, 1916) to *Broken City* (US, 2013), *Nora Inu* (Japan, 1949), *O Anthropos tou Trainou* (Greece, 1958), *El Less Wal Kilab* (Egypt, 1962), *Reportaje a la Muerte* (Peru, 1993), *Zift* (Bulgaria, 2008), and thousands more, *A Comprehensive Encyclopedia of Film Noir* is an engrossing and essential reference work that should be on the shelves of every cinephile.
