WHO ARE AMERICANS ? Nguyen Quy Minh Hien,2019-11-21 WHO ARE AMERICANS Could you answer this question I have asked my American friends who were born in the United States but haven t received a clear answer not yet This book is the collection of 51 of my short stories about Americans and the US It is more like a jigsaw puzzle than an answer I hope that

one day I will find the answer Or maybe there will be no answer It is like when we love someone or somewhere we can not answer why If we could answer why then it might not be true love not yet Perhaps that like me many of you can not answer the question Who are Americans but love this country and people here Just love because love creates great things *Buy Now Emily West*,2022-02-22 How Amazon combined branding and relationship marketing with massive distribution infrastructure to become the ultimate service brand in the digital economy Amazon is ubiquitous in our daily lives we stream movies and television on Amazon Prime Video converse with Alexa receive messages on our smartphone about the progress of our latest orders In *Buy Now Emily West* examines Amazon s consumer facing services to investigate how Amazon as a brand grew so quickly and inserted itself into so many aspects of our lives even as it faded into the background becoming a sort of infrastructure that can be taken for granted Amazon promotes the comfort and care of its customers but not its workers to become the ultimate service brand in the digital economy West shows how Amazon has cultivated personalized intimate relationships with consumers that normalize its outsized influence on our selves and our communities She describes the brand s focus on speedy and seamless ecommerce delivery represented in the materiality of the branded brown box the positioning of its book retailing media streaming and smart speakers as services rather than sales and the brand s image control strategies West considers why pushback against Amazon s ubiquity and market power has come mainly from among Amazon s workers rather than its customers or competitors arguing that Amazon s brand logic fragments consumers as a political bloc West s innovative account the first to examine Amazon from a critical media studies perspective offers a cautionary cultural study of bigness in today s economy Congressional Record United States.
