Organization Design A Practical Methodology And Toolkit:

    Organization Design Ronald J. Recardo,2008 Leaders often struggle when faced with the challenge of restructuring or rightsizing their organizations or redesigning reporting relationships Don t make the mistakes many make when they fail to do appropriate due diligence by addressing the symptoms of the perceived business problem rather than the root causes Check out this practical and informative book first As the title suggests it is a real world guide to organization design It is written by a global corporate executive and management consultant with 25 years of experience advising senior executives on strategic change And it is a   Organization Design Ronald J. Recardo,Recardo Ronald,2008 Faced with the challenge of developing effective customer service training Not sure where to start Whether you are a novice at the customer service game or an experienced facilitator this book will make the development process fun and a whole lot easier How to Get Customers Swearing by You Not at You is an invaluable source of customer service material tips and ideas all geared toward keeping the customers you worked so hard to get The book is highly readable the suggestions are easily adapted and the information is serious yet presented in a lighthearted manner Step by step the Telephone Doctor walks you through the process of creating a formal customer service training program Topics include barriers to training management involvement content budgets and costs icebreakers workbooks role playing lecturing questions problem attendees classroom evaluations testing and more Throughout the book the author offers short commentaries on aspects of training and customer service that will help you look at the subject in a fresh new light How to Get Customers Swearing by You Not at You covers a lot of ground But it is all common sense and will empower you to create your own customer service training program and make it as basic or elaborate as you wish   Proceedings of the XIV INTERNATIONAL SYMPOSIUM SYMORG 2014 Aleksandar Marković,Slađana Barjaktarović Rakočević,2014-06-05   *Armstrong's Handbook of Human Resource Management Practice* Michael Armstrong,2012-05-03 Armstrong s Handbook of Human Resource Management is the classic text for all students and practitioners of HRM Providing a complete resource for understanding and implementing HR in relation to the needs of the business as a whole it includes in depth coverage of all the key areas essential to the HR function The 12th edition has been radically updated to create a cutting edge textbook which encourages and facilitates effective learning Comprehensive online support material is provided for the instructor student and now also the practitioner providing a complete resource for teaching and self learning The text has been updated to include all the latest developments in HRM and now includes two new sections covering HR skills and toolkits   Unleashing the Startup Unicorn Vivek Kale,2024-01-30 It is well known that high tech startups need to innovate to survive yet the failure rate for innovation is shockingly high Nearly three out of four new products or services i e their startups miss their revenue and profit goals or fail entirely It s a misconception that high tech startups fail only because of the failing products or finances The failures could also be because of erroneous choice of technology platforms development teams or methodology or even the project execution Accordingly this book takes a holistic

view of a startups aesthetics that enables it to become attractive for all stakeholders especially investors in all aspects of its operations at all stages of its lifecycle This book Looks at aspects of venture capital financing and what investors look for in a contemporary startup Shows how only an overarching aspiration for a startup to become a Unicorn is sufficient to explain the typical characteristics of legendry Silicon Valley Unicorns like Google Facebook LinkedIn and Twitter Covers major application areas of current future interest namely intelligent systems intelligent assistants wireless sensor networks Internet of Things IoT and blockchain systems Introduces the contemporary skills set in demand for Startups To succinctly cover all aspects of a contemporary startup Unleashing the Startup Unicorn is organized to reflect the natural grouping of competencies that are essential for entrepreneurial ventures from conception to successful exit To understand and analyze these competencies the book uses an extended 9S model inspired by the pioneering McKinsey 7S model   *Co-creating for Context in the Transfer and Diffusion of IT* Amany Elbanna,Shane McLoughlin,Yogesh K.
