**Focus On: 100 Most Popular American 3D Films** Wikipedia contributors, Box Office, 1958 **Focus On: 100 Most Popular New Line Cinema Films** Wikipedia contributors, Hollywood and China in the Post-postclassical Era Lara Herring, 2024-03-18 This book examines the contemporary relationship between Hollywood and China as case studies that help to define a new era in Hollywood film industry style and economics which is termed the post postclassical period. Centred around a case study of Legendary Entertainment the analysis shows how the studio adopted and adapted its global strategies in order to gain access to and favour within the Chinese film market and how issues of censorship and financial performance affected the choices they made. Demonstrating Legendary's identity as a post postclassical studio and examining how this plays into its China strategy this book explores how this particular case and the necessary analysis of wider political economic relations offer a periodisation of the contemporary Hollywood China relationship. This book will interest students and scholars of media and film studies as well as academics whose research interests include global cinema, Hollywood, Chinese cinema, transnational cinema and film industry studies. **Saturday Review**, 1894 **St. Stephen's Review**, 1886
