Enshittification Cory Doctorow,2025-10-07 Enshittification it's not just you the internet sucks now Here's why and here's how we can disenshittify it We're living through the Enshittocene the Great Enshittingen a time in which the services that matter to us that we rely on are turning into giant piles of shit It's frustrating Demoralizing Even terrifying Enshittification identifies the problem and proposes a solution When Cory Doctorow coined the term enshittification he was not just finding a funnier way to say things are getting worse He was making a specific diagnosis about the state of the digital world and how it is affecting all of our lives and not for the better The once glorious internet was colonized by platforms that made all but magical promises to their users and at least initially seemed to deliver on them But once users were locked in the platforms turned on them to make their business customers happy Then the platforms turned to abusing their business customers to claw back all the value for themselves In the end the platforms die Doctorow's argument clearly resonated Once named it became obvious that enshittification is everywhere so much so that the American Dialect Society named it its 2023 Word of the Year and was cited as an inspiration for the 2025 season of Black Mirror Here now in Enshittification the book Doctorow moves the conversation beyond the overwhelming sense of our inevitably enshittified fate He shows us the specific decisions that led us here who made them and most important how they can be undone At the Publisher's request this title is being sold without Digital Rights Management Software DRM applied

Nazrul Hoque,2020-12-04 This book provides a solid empirical portrait based on the complexities of demographic components of population change It describes recent innovations trends challenges and solutions to population change and public policy issues such as but not limited to immigration gender discrimination in the labor market student housing teen pregnancy programs smoking and alcohol consumption and environment and self rated health As such it provides an interesting platform for academics researchers policy makers and students to explore experiences and research findings on special topics in applied demography and how those inform the field of population studies and public policy

Ghost Work Mary L. Gray,Siddharth Suri,2019 A startling expos of the invisible human workforce that powers the web and how to bring it out of the shadows Hidden beneath the surface of the internet a new stark reality is looming one that cuts to the very heart of our endless debates about the impact of AI Anthropologist Mary L Gray and computer scientist Siddharth Suri unveil how the

services we use from companies like Amazon Google Microsoft and Uber can only function smoothly thanks to the judgment and experience of a vast human labor force that is kept deliberately concealed The people who do ghost work make the internet seem smart They perform high tech on demand piecework flagging X rated content proofreading transcribing audio confirming identities captioning video and much more The shameful truth is that no labor laws protect them or even acknowledge their existence They often earn less than legal minimums for traditional work they have no health benefits and they can be fired at any time for any reason or for no reason at all An estimated 8 percent of Americans have worked in this ghost economy and that number is growing every day In this unprecedented investigation Gray and Suri make the case that robots will never completely eliminate ghost work and the unchecked quest for artificial intelligence could spark catastrophic work conditions if not stopped in its tracks Ultimately they show how this essential type of work can create opportunity rather than misery for those who do it Dust jacket *Beyond the Algorithm* Deepa Das Acevedo,2020-11-05 Qualitative empirical research reveals that the narratives and real life experiences defining gig work have concrete implications for law

Contract Law and International Trade Regulation Pierre de Gioia Carabellese,Camilla Della Giustina,2025-12-15 Contract law and international trade are two significant and distinct areas of legal practice that often intersect While rooted in the standard contract law syllabus this comprehensive advanced textbook seeks to examine the interaction between contract law rules and international trade regulation It blends in depth discussion of the most important traditional legal concepts in both these areas of the law with a careful analysis of emerging issues and more contemporary topics such as digital contracting trade in services and the Europeanisation of contract law at the level of the European Union Facilitating engagement with the subject matter in a way that bridges foundational legal principles and contemporary debates the authors provide a rigorous intellectual analysis of the law where both precedents and applicable legislation are discussed critically A comparative analysis is offered between English common law which is used as the constant yardstick and its EU counterpart Focusing on key themes such as globalisation IT and digitalisation ESG and sustainability the Covid 19 pandemic Brexit and human rights this book allows readers to deepen their knowledge and understanding of contract law and international trade regulation while developing an appreciation of the contemporary relevance of these areas of the law and their challenges Contract Law and International Trade Regulation will be a valuable text for advanced undergraduate and postgraduate law students
