small steps over a period of time to release layers of the self and the outside world to reach a place of inner clarity and peace As you color a mandala from the outside to the inside you can focus on letting go of an external thought worry or burden with each layer and concentrate on being present in the current moment Then as you continue to color and move closer and closer to the innermost layer your thoughts about yourself and the outside world can begin to dissipate and your mind and body can begin to feel more connected engaged lighter and free Each mandala is a unique professional quality creation hand drawn by the artist that you will find no where else Perfect for every age and skill level Increasingly more complex mandala designs as you progress through the book Your skills will grow as you color Each image is printed on its own one sided page of pure white paper to minimize scoring and bleed through ARTISTIC AND CREATIVE IMAGES Our 50 AMAZING Mandala Coloring Books for Adults Relaxation contain high detailed designs with beautiful floral and abstract elements Enjoy and have fun with a very happy and addictive way to relieve stress and get creative FEATURES SINGLE SIDED PAGES Our stress relieving coloring books for feature up to 50 images drawings on single sided pages to allow you to have more color variation for the same image MAKES THE PERFECT GIFT Our mandala coloring book pages designs make the perfect gift for anyone who loves mandala coloring book Great Gift For A Group or couples they can color together Surprise them with our coloring book to make their day and they would be delighted to receive your gift SUITABLE FOR ADULTS AND TEENAGERS Whether you are an amateur or an expert mandala coloring sheets allows you to explore your artistic side to color your book in any way you want The book contains various mandala design inspired images that enable you to unlock your potential and it is perfect for anyone with any skills level Healing Benefits of Coloring Mandalas From more serious conditions like dementia or PTSD to more common issues like stress or fatigue mandalas can have healing benefits Coloring mandalas activates both the right and left hemispheres of the brain Because of the concentric circular pattern of mandalas the coloring process is a journey that incorporates both creative self expression and logic The organized and somewhat linear nature of the concentric circles creates structure and boosts focus The left brain is triggered to hone in on the details and organization of the mandala Then within those parameters there s room for individuality and imagination The right brain is able to access the inner self and deep rooted desires that want to be expressed at the time of creation Mandalas and Mindfulness Coloring and mindfulness go hand in hand so what makes coloring mandalas particularly special The reason calls back to the use of the two sides of the brain in tandem and the balance of freedom and structure that mandalas create The concentric circular pattern of mandalas requires the brain to focus and be active in the present moment This immediately helps to deter the mind from wandering to the past or contemplating the future However it s balanced by the opportunity to express creativity through coloring the mandala which allows the mind to open and expand The perfect harmony of concentration and freedom lets the mind become fully absorbed in the current moment This is what makes coloring mandalas an excellent activity to incorporate into any mindfulness practice
