Where Loyalties Lie Jill Ramsower, 2020-07-15 Buckle up for this steamy mafia series by dark romance author Jill Ramsower Emily I left my family and everything I knew Hid myself away where no one would find me I thought I was safe Untraceable I was wrong Now there s only one thing I can do if I want to stay alive Run Tamir I like to think I help balance the scales of good and evil one payday at a time No messy red tape No long drawn out legal proceedings Just me my mark and a mountain of sins Some might ask who I was to play judge and jury about another man s worth I would say piss off No one asked you Most of my targets are just another day s work but her She s different I feel an unrelenting need to lay my eyes on all of her coveted secrets To learn the extent of her corruption and see how it compares to my own She thinks she can escape me I ll never let her go Where Loyalties Lie is a spin off novel in The Five Families series meant to be read after book 3 although all books in the Five Families world can be read as standalones A dark romance with adult themes it may not be suitable for sensitive audiences But if you like a HOT romantic story with a guaranteed happily ever after this enemies to lovers romance will have you begging for more **Falling in love wasn't the plan** Chantinglove138, You know what Amara you should never kill your desires If you want to kiss someone just kiss them don t look at their lips like this he arched an eyebrow and stated naughtily after catching her staring at his mouth intently They were studying in an empty library Amara shuddered when his hands slowly encircled her waist and pulled her close And before she could understand what was going on he latched their lips Oh damn she was being kissed by the school s most wanted guy Alex Ragnar He was the famous football captain She was the topper of the class However she was unnoticed among the group of hot sassy cheer leaders who dominated the female population Everyone remembered her name only during exams yeah everyone even the ones who never knew she existed in the class He was one of them This year before the final exams he became friends with her like any other student for seeking her help and notes But before the year ends and even the results are out he d realize that falling in love wasn t in the plan Precision Medicine, AI and the Science of Personalized Healthcare James Wallace, 2025-09-30 A fascinating combination of patient stories and scientific explanation shedding light on the most promising trend in healthcare today precision medicine In Precision Medicine AI and the Science of Personalized Healthcare senior researcher at Harvard Business School and former CEO of DecisionRx a pioneering medication therapy optimization company James Wallace delivers an eye opening new discussion of how cutting edge precision medicine is transforming the cost access and outcomes of modern healthcare The author relies on real world experiences that showcase the practical human benefits of precision medicine and how those benefits can accrue to people from all walks of life You ll discover how personalized treatments those based on a patient s genetic environmental and lifestyle attributes can do more than traditional medicine to combat a wide variety of genetic disorders chronic illnesses and treatment inefficiencies You ll also learn about precision medicine s potential to lower healthcare costs for everyone while improving outcomes Inside the book Explorations of how precision

medicine can address the triple crisis of cost access and quality that currently plagues the US healthcare system Unique combinations of compelling human stories and accessible scientific explanations that render a complex subject approachable and relatable A compelling argument for how the precision medicine movement can transform the healthcare system and the lives of the people who navigate it every day Perfect for healthcare technology and business professionals grappling with the skyrocketing costs of patient care Precision Medicine AI and the Science of Personalized Healthcare is also a must read for healthcare consumers frustrated by the current one size fits all approach to medicine [The Routledge Companion to the Sound of Space](#) Emma-Kate Matthews,Jane Burry,Mark Burry,2024-11-11 This companion explores a range of conceptual and practical relationships between sound and space across various disciplines providing insights from technical creative cultural political philosophical psychological and physiological perspectives The content spans a wide range of spatial typologies from large reverberant buildings to modest and intimate ones from external public squares to domestic interiors and from naturally formed environments to highly engineered spaces These compiled insights and observations explore the vast diversity of ways in which sonic and spatial realms interact This publication therefore forms important bridges between the intricate and diverse topics of technology philosophy composition performance and spatial design to contemplate the potential of sound and space as tools for creative expression and communication as well as for technical innovation It is hoped that by sharing these insights this book will inspire practitioners scholars and enthusiasts to incorporate new perspectives and methodologies into their own work Through a rich blend of theory practice and critical reflection this volume serves as a valuable resource for anyone interested in exploring the intricacy of relationships between space and sound whether they are students professionals or simply curious Our companion provides a cross section through shared territories between sonic and spatial disciplines from architecture engineering sound design music composition and performance urban design product design and much more [Mediating Plureality](#) Morten Bay,2025-03-24 In this book Morten Bay provocatively questions whether or not truth in media is lost and furthermore whether humans can perceive objective reality or as many neuroscientists and philosophers now believe we all perceive different realities constructed through predictive processing As affective polarization continues to render American democracy increasingly dysfunctional a situation largely inflamed by media Bay calls for a cultural shift in which these two conditions are reconciled Drawing on political philosophy this book presents an ethics that holds up responsible media conduct as a democratic duty of all media users This shift in ethical frameworks carries with it different implications for a variety of audiences including individuals media platforms and corporations media practitioners and journalists media studies scholars and society more broadly Each stakeholder involved will need to reconsider their approach to media and reality individuals must accept that everyone's perceptions of reality are different platforms and corporations must cease irresponsible practices that dissociate realities and stoke division practitioners and journalists must develop more nuanced epistemologies beyond The Truth and scholars must

redefine media by foregrounding epistemology pluralism and physicality in media theory Collectively Bay argues we must come to a new understanding of reality as a plurality of realities a plureality *Natural Relief for Anxiety* Edmund J. MD comes an award winning book that offers a revolutionary life changing approach to healing anxiety Break the cycle of anxiety with the newly upgraded and expanded second edition After years of trying different therapies for his debilitating anxiety without success Dr Russell Kennedy had an epiphany anxiety does not start in the brain Anxiety starts in the body where trauma is stored and physical and emotional perception begin Alarm bells originating in the body are what trigger those anxious thoughts that we call anxiety and Russ realized that true healing starts only when we learn not to conflate the two He understood that existing therapies focused only on the mind would never get to the root of the problem at best they could help manage symptoms but they d never truly heal anxiety Wanting to make a difference for the millions who suffer from anxiety disorder Russ created Anxiety Rx a book that blends his personal story with medical science neuroscience and

developmental psychology Readers learn how to sever the connection between the somatic alarm and the flood of anxious thoughts in the process they begin to heal old trauma and gain a sense of control previously unknown Russ offers techniques not only for our thinking minds but for our feeling bodies changing not just our mindset but our body set Unraveling the intricate relationship between anxiety the body and the mind Anxiety Rx offers a profound path toward healing and growth
