**Law, Spectacle, and the Play of Jurisdiction** Frans-Willem Korsten, 2026-02-13 This book offers a critical reconsideration of the theatrical nature of jurisdiction as it examines how legal proceedings are regularly framed by or turned into a public spectacle In legal cases all those involved must play their parts according to the rules on a stage that is open to public scrutiny As this book demonstrates however the affordances offered by new media in a society spellbound by spectacle and embroiled in the polarization that accompanies it can easily disrupt the theatrical nature of the court case The book is divided into two parts In Part 1 cases from the Netherlands the United States Italy Brazil India Germany and Russia show how populists insurgents corporations and states play the judiciary by probing its limits or the rules of the game often by twisting the proper intent of legal regulation or by formally making a farce of jurisdiction In Part 2 the chapters deal with weaknesses in the theatrical nature of the judiciary in a time of spectacle Here the central issue is how the judiciary is threatened by dramatic forms of excess forms that exceed the frame and stage of jurisdiction's own theatricality Bringing cultural analysis and play studies in conversation with legal analysis and legal philosophy the book shows how the theatrical nature of the judiciary is more and more challenged by the force of the spectacular and with it a strategic and tactically malevolent play of powerful actors that fragments collective feelings for justice and instrumentalizes the law in the service of particular interests Law Spectacle and the Play of Jurisdiction will appeal to scholars and students in legal theory law and literature and others with relevant interests in politics media theatre and cultural studies
