Betting for a Living Nick Mordin, 2002-09 *Racetrack Betting* Peter Asch, Richard E. Quandt, 1986 A day at the races with its colorful variety and fast paced action appeals to people from all walks of life Not surprisingly the idea of going home with a few more dollars than when one arrived is part of horseracing's charm In this entertaining but substantive volume two distinguished economists who happen to be horseracing buffs outline a tested strategy for placing bets that will increase the reader's chances of a happy outcome at the track The authors are the first to point out that getting rich at the racetrack is unlikely They do maintain however that with attention to their systematic approach the racing fan can achieve the best possible chance at winning In the process the reader learns some of the most important measurement techniques in the social sciences as well as the basic methods of market analysis Efficiency of Racetrack Betting Markets Donald B.
