**Financial Information Analysis** Philip O'Regan, 2025-08-01 Accounting information is one of the most vital and important sources of information in the modern world. Those who understand this and can analyse its context and content have the power to influence key decision making processes. Philip O'Regan's authoritative and important textbook provides readers with the tools and techniques to analyse accounting information and present it in a manner that is clear, focused and valuable. Updated to reflect changes in IFRS governance codes and regulatory frameworks as well as new sustainability reporting rules, the text sheds light on the role of accounting information in modern society and the many ways in which it can be used by a variety of stakeholders including shareholders, investors, employees, environmentalists and others. For readers across the UK, Ireland and continental European, this new edition is completely updated to incorporate relevant accounting standards, sustainability, ESG regulations and advanced analytical techniques. Features which add unique value to this fourth edition of Financial Information Analysis include case studies in every chapter with numerous supporting articles from the major financial presses, questions for review and comprehensive online support and materials. This essential textbook is core reading for advanced undergraduate and postgraduate students wishing to understand the role of accounting information in modern society.

**High-Growth Fundraising the Silicon Valley Way** Vance Roush, 2023-03-14 Inspire generosity to ignite growth. In *High Growth Fundraising the Silicon Valley Way: Unlocking Stock, Crypto, and More for Your Non-Profit, Church, or School*, pastor and social benefit fundraising expert Vance Roush delivers an in-depth, hands-on guide to raising money for your church or non-profit through both cash and non-cash donations. You'll learn new strategies to multiply your fundraising efforts and expand your donations to assets like stock and cryptocurrency. In the book, Roush shows you how to get started building a financial base with early believers and develop a culture of giving by fostering excellence across your organization. You'll also discover strategies for casting a big vision that inspires big donations, ways to build a giving infrastructure that makes generosity frictionless across all types of donated assets, modern and effective fundraising tactics like building faith and finding efficiencies. An essential resource for fundraising professionals, pastors, executive directors of nonprofit organizations, and church leaders, *High Growth Fundraising the Silicon Valley Way* will earn a place on the bookshelves of anyone looking to apply exciting new ideas to fund their organization's missions and visions.

**Financing the Entrepreneurial Venture** Paul A. Gompers, 2024-06-04 *Financing the Entrepreneurial Venture* focuses on financial management within entrepreneurial firms. Most of these are young firms, although some are more established. The book examines these firms at all phases of their life cycle, from the initial idea generation to the ultimate harvesting of the venture. The book covers firms in a diverse set of industries, including high technology, low technology, and services. A significant fraction of the cases focus on non-U.S. ventures. Additionally, the issues of gender and diversity are addressed in a number of settings.

**Introduction to Information Systems** R. Kelly Rainer, Brad Prince, 2023-09-20 *Introduction to Information*

Systems 10th Edition teaches undergraduate business majors how to use information technology to master their current or future jobs. Students will see how global businesses use technology and information systems to increase their profitability, gain market share, develop and improve their customer relations, and manage daily operations. This course demonstrates that IT is the backbone of any business, whether a student is majoring in accounting, finance, marketing, human resources, production operations management, or MIS. In short, students will learn how information systems provide the foundation for all modern organizations, whether they are public sector, private sector, for profit or not for profit.

[The Next Supper](#) Corey Mintz, 2021-11-16 A searing exposé of the restaurant industry and a path to a better, safer, happier meal. In the years before the pandemic, the restaurant business was booming. Americans spent more than half of their annual food budgets dining out. In a generation, chefs had gone from behind the scenes laborers to TV stars. The arrival of Uber Eats, DoorDash, and other meal delivery apps was overtaking home cooking. Beneath all that growth lurked serious problems. Many of the best restaurants in the world employed unpaid cooks. Meal delivery apps were putting restaurants out of business. And all that dining out meant dramatically less healthy diets. The industry may have been booming, but it also desperately needed to change. Then along came COVID-19. From the farm to the street side patio, from the sweaty kitchen to the swarm of delivery vehicles buzzing about our cities, everything about the restaurant business is changing for better or worse. *The Next Supper* tells this story and offers clear and essential advice for what and how to eat to ensure the well-being of cooks and waitstaff, not to mention our bodies and the environment. *The Next Supper* reminds us that breaking bread is an essential human activity and charts a path to preserving the joy of eating out in a turbulent era.
