Michelle Obama First Lady American Rhetor Communicating Gender:

Michelle Obama Elizabeth J. Natalle, Jenni Simon, 2015-08-27 *Michelle Obama First Lady American Rhetor* is an edited anthology that explores the persona and speech making of the country's first African American first lady. The result of these thought provoking essays is an interdisciplinary text that explores the First Lady from a rhetorical and cultural point of view. Authors analyze her Democratic National Convention speeches, her brand as First Lady, her communication from her latest trip to Africa, her agenda rhetoric in *Let's Move* and *Reach Higher*, and her coming out as a Black feminist intellectual when she spoke at Maya Angelou's memorial service. Readers will recognize Michelle Obama as a rhetor of our times, a woman who influences America at the intersections of gender, race, and class, and who is representative of what women are today.

The chapters examine the choices, challenges, and gendered experiences that women and men face as they navigate structures of work, domestic duties, and childcare in search of balance. Recommended for scholars of communication, gender studies, organizational communication, sociology, and family communication.

Developing Women Leaders in the Academy through Enhanced Communication Strategies Jayne Cubbage, 2020-01-21 *Developing Women Leaders in the Academy through Enhanced Communication Strategies* explores the experiences, strategies, and triumphs of women who have attained leadership roles within the academy, as well as the shortfalls, disappointments, and battle scars many women leaders have experienced in their quest to lead. Clear direction, focused strategies, and enhanced communication are necessary to increase the ever-growing number of women in leadership positions in the academy. Contributions to this book discuss the ways in which these concepts have been employed to transcend the academic ceiling by creating mentoring networks, for women training programs, and other ladders of ascension, encouraging future leaders to be more assertive, self-assured, and strategic within the academic terrain. Smith,2017-10-03 Gender Heteronormativity and the American Presidency places notions of gender at the center of its analysis of presidential campaign communications Over the decades an investment in gendered representations of would be leaders has changed little in spite of the second and third wave feminist movements Modern candidates have worked vigorously to demonstrate compensatory heterosexuality an unquestionable normative identity that seeks to overcome challenges to their masculinity or femininity The book draws from a wide range of archived media material including televised films and advertisements public debates and speeches and candidate autobiographies From the domestic ideals promoted by Eisenhower in the 1950s right through to the explicit and divisive rhetoric associated with the Clinton Trump race in 2016 intersectional content and discourse analysis reveals how each presidential candidate used his or her campaign to position themselves as a defender of traditional gender roles and furthermore how this investment in appropriate gender behaviour was made manifest in both international and domestic policy choices This book represents a significant and timely contribution to the study of political communication While communication during presidential elections is a well established research field Aidan Smith s book is the first to apply a gendered lens over such an extended historical period and across the political spectrum **Michelle Obama: In Her Own Words: Young Reader Edition** Marta Evans,Hannah
