oboe Apollon Marie-Rose Barret,1981 **Musical Merchandise Combined for the Duration [with] The Music Trade**

Review ,1933 *The Oboe* Geoffrey Vernon Burgess,Geoffrey Burgess (oboist.),Bruce Haynes,Instructor of Baroque Oboe Geoffrey Burgess,MR Geoffrey Burgess, Obo,2004-01-01 The oboe including its earlier forms the shawm and the hautboy is an instrument with a long and rich history In this book two distinguished oboist musicologists trace that history from its beginnings to the present time discussing how and why the oboe evolved what music was written for it and which players were prominent Geoffrey Burgess and Bruce Haynes begin by describing the oboe s prehistory and subsequent development out of the shawm in the mid seventeenth century They then examine later stages of the instrument from the classical hautboy to the transition to a keyed oboe and eventually the Conservatoire system oboe The authors consider the instrument s place in Romantic and Modernist music and analyze traditional and avant garde developments after World War II Noting the oboe s appearance in paintings and other iconography as well as in distinctive musical contexts they examine what this reveals about the instrument s social function in different eras Throughout the book they discuss the great performers from the pioneers of the seventeenth century to the traveling virtuosi of the eighteenth the masters of the romantic period and the legends of the twentieth century such as Gillet Goossens Tabuteau and Holliger With its extensive illustrations useful technical appendices and discography this is a comprehensive and authoritative volume that will be the essential companion for every woodwind student and performer **Woodwind Instruments and Their History** Anthony Baines,Adrian

Boult,1991-01-01 Superior study by expert combines discussion of design and construction with detailed history of the evolution of instruments from earliest times to present 75 illustrations 25 musical examples 16 fingering charts A Complete Method for the Oboe. Ed. 2 A. M. R. Barrett, The Progressive Qualities of A.M.R. Barret's Complete Method for the Oboe Sarah F. Blecker,Eric Paul Ohlsson,2011 Say the words oboe and method book in the same sentence and invariably the majority of musicians would think of one person Apollon Marie Rose Barret His book is one of today s most widely used methods for the education of young and experienced oboists alike Written in 1850 and revised in 1862 it is the standard for oboe methods And through it Barret 1804 1879 established himself as a fixture in the oboe world Often known simply as the

Barret or the Barret Book the method contains teachings exercises etudes and solos that guide students through the basic elements of not just the oboe but also of music As popular as Barret s book is it is surprising how little literature thoroughly addresses it Many books and papers mention Barret but it is usually within the context of a broader subject Beyond discussions of Barret a number of authors have also edited and transcribed his Method In order to further understand Barret s book more completely this paper will focus on its contents and how they are organized This treatise outlines the life and works of A M R Barret as well as the background and progressive qualities of his Complete Method for the Oboe The purpose here is to bring to light the educational foundation by which Barret organized his teachings in order to understand why his method is still one of the primary educational tools used by oboists today This paper shows why the method book has that value and how it is accomplished through the progressive nature of the book s content This progressive nature will be demonstrated by isolating two musical techniques and showing how they are utilized first in isolation and then in increasingly larger musical contexts

Guide to Teaching Woodwinds Frederick William Westphal, 1985 Guide to Teaching Woodwinds is written primarily for the college student who is preparing for instrumental teaching although the woodwind teacher or player will find it useful also At a time when teacher education programs allow only a minimal amount of time for the specialized study of instrumental teaching a text that not only provides the basics but includes essential details for future reference is essential This text attempts to meet that need
