Feasible Living - Dealing with Ecological Anxiety While Adapting to Our Changing World Ken Kroes,2019-11-24 No matter which way we turn today trends like pollution climate change and the 4th Industrial Revolution are impacting the ecosystems that you and I live in These trends are influencing all of us and if you are not concerned about the impact they will have on the current and future wellbeing of you and your loved ones you should be This concern is called ecological anxiety and it is up to you to decide how it should be managed and what actions you will take to adapt and prepare As you can imagine the topic of ecological anxiety is vast This book is an introduction that outlines the major trends to be concerned about as well as offering up practical ways for you to protect your financial physical and mental wellbeing Ecological anxiety is not just limited to adults either Our youth can also experience it perhaps to an even greater extent than adults This book contains discussions focused on this why it can be different from adult ecological anxiety and ways we can mentor them through this scary period of their lives The seemingly perfect storm of globe altering trends is already impacting us Now is the time to take control and it s easier than you might think

Workforce shortage in a digital era. Can 100% remote work attract more qualified candidates?
Huong Hoang Thien,2023-05-25 Master s Thesis from the year 2023 in the subject Leadership and Human Resources Recruiting grade 1 0 language English abstract What will happen if there aren t enough talents to fill the market in the future due to the demographical change This study focuses on the potential of offering 100% remote work to counteract the workforce shortage in Germany An empirical study has been conducted as an online survey to gain an overview of Germany s 100% remote job market In a fast changing world digital transformation has become an evitable process for companies to adapt to new technologies and market trends The digital transformation in Germany has been significantly impacted by the COVID 19 pandemic positively and negatively On the one hand the pandemic forced German companies to embrace new technology more quickly and adapt to remote work However on the other hand it pointed out Germany s weaknesses in

digital infrastructures and cybersecurity Additionally many German companies face a shortage of workers due to digital transformation Another reason that causes workforce shortage is demographical change Companies cannot operate their business correctly increase revenue or drive innovations to survive in a competitive market without suitable candidates Furthermore the digital revolution shaped the current digital generations as potential workers exhibit different digital behaviors and preferences Therefore companies must know them and their work preferences to fill the workforce shortage gap Remote working as a sub trend of the mega trend New Work has become the new standard for workers especially since the pandemic However there aren't any specific regulations regarding remote work in Germany yet In general remote work provides workers e.g. more freedom and a better work life balance Nevertheless remote work also has the downside such as workers experiencing isolation and loneliness due to the lack of social contact with co-workers less productivity outside of the office etc For companies offering remote work gives them complete access to the talent pools including freelancers as external workers reducing costs due to fewer offices being more attractive to job seekers But on the other side remote leadership has become a big challenge for leaders Furthermore companies have to deal more with cyber security When everything's going remotely companies have become an easier target of cyber attacks

Building Hoover Dam Andrew J. Dunar, Dennis McBride, 2016-06-01 Andrew J. Dunar and Dennis McBride skillfully interweave eyewitness accounts of the building of Hoover Dam These stories create the richest existing portrait of the building of Hoover Dam and its tremendous effect on the lives of those involved in its creation the gritty sometimes grisly realities of living in cardboard boxes and tents during several of the hottest Southern Nevada summers on record the fearsome carbon monoxide deaths of tunnel builders who it was claimed had died of pneumonia the uproarious life of nearby Las Vegas versus the tightly controlled existence of the workers in the built overnight confines of Boulder City and of course the astounding accomplishment of building the Dam itself and completing the task not only early but under budget
