Compton Mackenzie, Christopher Stone

Emmy Winners Price Setup:

The Art and Craft of Screenwriting Shelly Frome, 2014-11-21 This guide for screenwriters and those interested in the screenwriting process has important information on every facet of the screenwriter's trade. Introductory chapters discuss skills essential for all screenwriters. The second part covers various options available to screenwriters such as different genres, indie films, adaptation with important methods for each. Part Three is a collection of revealing interviews by the author with several established and seasoned professionals. Instructors considering this book for use in a course may request an examination copy here. Emmy, 1998 **The Mix**, 1999 You Can't Be Serious Kal Penn, 2022-08-09 Kal Penn's unlikely career arc has taken him from nerdy American kid from an immigrant family in the New York suburb of Montclair, New Jersey, to world famous actor, to White House staffer under President Obama, and back to actor again. Now in You Can't Be Serious he reflects on the most ridiculous, offensive, and rewarding moments that have stood out during his journey. With intelligence, humor, and charm on every page, Penn explores what it means to be the embodiment of the American Dream as the child of immigrant parents who came to this country with very little and who never expected to see their son get his big break by sliding off an oiled-up naked woman in a raunchy Ryan Reynolds movie. He also pulls back the curtain on racism in Hollywood and the constant reminders that he would never fit in. And of course, he reveals how, after twenty-five years fighting for success in Hollywood, he made the terrifying but rewarding decision to walk away from it all for a career in politics. Above all, You Can't Be Serious shows that everyone can have more than one life story. Penn bravely demonstrates, by example, that no matter who you are and where you come from, you have many more choices than those presented to you. It's a story about struggle, triumph, and learning how to keep your head up. And okay, yes, it's also about whether Kal really smoked weed in the White House with the former First Lady, because let's be honest, that's what you really want to know.

The Gramophone, 2007 *Gramophone* Compton Mackenzie, Christopher Stone, 2007 **Keyboard**, 2002
