*We Have Never Been Woke* Musa al-Gharbi, 2025-10-07 How a new woke elite uses the language of social justice to gain more power and status without helping the marginalized and disadvantaged. Society has never been more egalitarian in theory. Prejudice is taboo and diversity is strongly valued. At the same time social and economic inequality have exploded. In *We Have Never Been Woke* Musa al Gharbi argues that these trends are closely related each tied to the rise of a new elite the symbolic capitalists. In education media nonprofits and beyond members of this elite work primarily with words ideas images and data and are very likely to identify as allies of antiracist feminist LGBTQ and other progressive causes. Their dominant ideology is wokeness and while their commitment to equality is sincere they actively benefit from and perpetuate the inequalities they decry. Indeed their egalitarian credentials help them gain more power and status often at the expense of the marginalized and disadvantaged. *We Have Never Been Woke* details how the language of social justice is increasingly used to justify this elite and to portray the losers in the knowledge economy as deserving their lot because they think or say the wrong things about race gender and sexuality. Al Gharbi's point is not to accuse symbolic capitalists of hypocrisy or cynicism. Rather he examines how their genuine beliefs prevent them from recognizing how they contribute to social problems or how their actions regularly provoke backlash against the social justice causes they champion.

A powerful critique We Have Never Been Woke reveals that only by challenging this elite's self serving narratives can we hope to address social and economic inequality effectively [Computerworld](#) ,1977-11-28 For more than 40 years Computerworld has been the leading source of technology news and information for IT influencers worldwide Computerworld's award winning Web site Computerworld.com twice monthly publication focused conference series and custom research form the hub of the world's largest global IT media network [Igniting Justice and Progressive Power](#) David B.
