Shein This Week:

Chinafy Joanna Hutchins, 2023-06-15 Western business leaders make two key assumptions about China that China is always copying the West and that the West is the seat of innovation. The truth is surprising: China is both copying and innovating, and while Western businesses are busy looking for the next new thing, China is rapidly iterating on what's already been done and pushing ahead. While businesses in the West are getting disrupted and left behind, the savvy leaders among them can learn to innovate and excel by copying China's playbook. Chinafy distills the key lessons from China to unlock business potential anywhere in the world. These lessons serve as catalysts for how to Chinafy innovation for growth. Taking a deep dive into the workings of China's most successful brands from Haier to ByteDance, author Joanna Hutchins reveals what it takes to get ahead in the world of business and innovation.

China-Focused Cases CEIBS Case Center, 2025-03-22 This book showcases a selection of award-winning cases from the Global Contest for the Best China-focused Cases. The contests held between 2018 and 2022 recognized 63 exceptional cases, 13 of which are in this publication. Each of the 13 cases has a unique focus. Some investigate how to capture value through new technologies and innovations or examine the intricate relationships between strategies, business models, and financial performance; examples include Freshippo, KFC China, Winner Technology, Geek, and Alibaba vs JD.com. Others analyze Chinese companies' challenges when entering international markets and their strategic responses; Midea and SHEIN. Some delve into leadership, entrepreneurial management, family business, succession, negotiation, and conflict management; EtonHouse, Antigal, Qiangda, Chilli, and Dispute over Year-end Bonuses. Two cases discuss how social enterprises can better balance their social purposes with financial sustainability and how companies can integrate social and business innovation; Daddy Lab and AstraZeneca. These cases originate from Chinese and international business schools, highlighting global interest in China's business and management dynamics. Echoing the Chinese proverb, "A single spark can start a prairie fire," we firmly believe that with collective efforts, more faculty members will recognize the value of the case method and the extensive opportunities of China-themed cases in global management education. We are committed to collaborating with them to meet the growing demand for diverse cases with global perspectives.
