Meyer,2009-06-30 A collection of Gnostic texts spanning centuries geographical locations and cultural traditions a wonderful achievement Elaine Pagels author of The Gnostic Gospels Gnosticism was a wide ranging religious movement of the first millennium CE with earlier antecedents and later flourishings whose adherents sought salvation through knowledge and personal religious experience Gnostic writings offer striking perspectives on both early Christian and non Christian thought For example some gnostic texts suggest that god should be celebrated as both mother and father and that self knowledge is the supreme path to the divine Only in the past fifty years has it become clear how far the gnostic influence spread in ancient and medieval religions and what a marvelous body of scriptures it produced The selections gathered here in poetic readable translation represent Jewish Christian Hermetic Mandaean Manichaean Islamic and Cathar expressions of gnostic spirituality Their regions of origin include Egypt the Greco Roman world the Middle East Syria Iraq China and France Also included are introductions notes an extensive glossary and a wealth of suggestions for further reading Abstracts of The Collected

powerful influence on both popular culture and spiritual seekers But what did they really believe and practise Tourists flock to the Languedoc to visit Cathar Country yet few people know anything of the beliefs of the Cathars beyond vague notions that they believed in reincarnation were vegetarians were somehow Gnostic and has some relation to Mary Magdalene The Lost Teachings of the Cathars explores the history of this Christian dualist movement between the 12th and 14th centuries offering a sympathetic yet critical examination of its beliefs and practices **DHHS Publication No. (ADM)** ,1978

Hanegraaff,Antoine Faivre,R. van den Broek,Jean-Pierre Brach,2005 Covers every aspect of pagan Jewish and Christian religious discourses and phenomena traditionally labeled gnosticism hermeticism astrology magic the occult sciences esoteric religion and more Contains articles about the life and work of all the major personalities in the history of Gnosis and Western Esotericism discussing their ideas significance and historical influence *The Nazis and the Occult* Dusty Sklar,1989 *Gnosticism and the History of Religions* David G. Robertson,2023-03-23 Building on critical work in biblical studies which shows how a historically bounded heretical tradition called Gnosticism was invented this work focuses on the following stage in which it was essentialised into a *sui generis*

universal category of religion At the same time it shows how Gnosticism became a religious self identifier with a number of sizable contemporary groups identifying as Gnostics today drawing on the same discourses This book provides a history of this problematic category and its relationship with scholarly and popular discourse on religion in the twentieth century It uses a critical historical method to show how and why Gnosis Gnostic and Gnosticism were taken up by specific groups and individuals practitioners and scholars at different times It shows how ideas about Gnosticism developed in late nineteenth and twentieth century scholarship drawing from continental phenomenology Jungian psychology and post Holocaust theology to be constructed as a perennial religious current based on special knowledge of the divine in a corrupt world David G Robertson challenges how scholars interact with the category Gnosticism and contributes to our understanding of the complex relationship between primary sources academics and practitioners in category formation
