## USB Flash Drive P89035 (MD 86167)

### Scope of Delivery

Please check the items received in the box and inform us **within 7 days** from purchase if anything is missing. You should receive the following items:

- 8 GB USB Flash Drive
- Documentation

### System Requirements

- Slot USB port (USB 1.1/2.0)
- Operating system: Microsoft Windows® XP/Vista®/Windows® 7

### Safety Instructions

Please read this chapter carefully and observe all listed notes. This ensures a reliable operation and long life expectancy of your **USB Flash Drive**. Keep these instructions with your device at all times. In the event that you transfer ownership of this device, please provide these instructions to the new owner. If you are experiencing technical problems with your device, please contact the **MEDION help desk on 1 300 884 987**.

### Data Security

**Note:** Every time you update your data make back-up copies on an external storage medium. The supplier does not assume liability for data loss or damage to data storage units, and **no claims can be accepted** for damages resulting from the loss of data or consequential losses.

### Operational Safety

- Follow the operating instructions of your computer.
- Keep the device away from **humidity** and **avoid vibration, dust, heat, and direct sunlight**, in order to prevent operational interference.
- Never open the case. This would void all warranty claims and it could possibly cause the destruction of the unit.
- Do not allow **children** to play with electrical devices **without supervision**. Children do not always recognize possible dangers.
- Before operating the device after a **transport**, allow it to become acclimatized. High temperature and humidity deviations can lead through condensation to moisture build up, which can cause an **electrical short**. Fasten down the plug cover before transportation.

### Electromagnetic Compatibility

- While connecting the device, the **guidelines** for electromagnetic compatibility must be followed. Keep at least 1 meter distance from high frequency and magnetic sources of interference (TV, loudspeakers, mobile phones, etc.), to avoid operation disruption and data loss.

### Cleaning Instructions

Normally cleaning of this device is unnecessary.

- **Attention!** This device does not contain parts that must be serviced or cleaned.
- Make sure the USB Flash Drive does not become contaminated. Do not use solvents, corrosives, or spray cleansers. If necessary, clean the casing with a moist cloth.

### Recycling

Device

At the end of its life, the appliance must not be disposed of in household rubbish. Enquire about the options for environmentally-friendly disposal.

Packaging

Your device is packaged to protect it against damage during transportation. The packaging is manufactured from materials that can be sent to a specialist recycling facility and disposed of in an environmentally-friendly way.

### Getting Started

#### Connecting

Remove the protective cover of the USB Flash Drive and connect the device with an available USB port.

The USB Flash Drive will be recognized and the operating system assigns the letter of an empty drive. Now you can use the device like a diskette drive (copy data, delete, etc.).

#### Removing USB Flash Drive

With some operating systems it may be necessary to **sign off the device**. The installed USB Flash Drive is displayed in the taskbar:

Right click with the mouse "Unplug or Eject Hardware" and choose the appropriate entry. The instruction for device removal will follow:

**After the Software Wars** Keith Curtis,2009 Computers are an advancement whose importance is comparable to the invention of the wheel or movable type While computers and the Internet have already changed many aspects of our lives we still live in the dark ages of computing because proprietary software is still the dominant model One might say that the richest alchemist who ever lived is my former boss Bill Gates Oracle founder Larry Ellison and Google co founders Sergey Brin and Larry Page are close behind Human knowledge increasingly exists in digital form so building new and better models requires the software to be improved People can only share ideas when they also share the software to display and modify them It is the expanded use of free software that will allow a greater ability for people to work together and increase the pace of progress This book will demonstrate that a system where anyone can edit share and review the body of work will lead not just to something that works but eventually to the best that the world can achieve With better cooperation among our scientists robot driven cars is just one of the many inventions that will arrive pervasive robotics artificial intelligence and much faster progress in biology all of which rely heavily on software Publisher
