Touring Variety in the Asia Pacific Region, 1946-1975 Jonathan Bollen, 2020-05-06 Aviation extended the horizon of international touring across Asia and the Pacific in the 1950s and 1960s Nightclubs in Hong Kong Manila Melbourne Singapore Sydney Tokyo and Taipei presented an international array of touring acts This book investigates how this happened It explores the post war formation of the Asia Pacific region through international touring and the transformation of entertainment during the jet age of aviation Drawing on archival research across the region Bollen investigates how touring variety forged new relations between artists audiences and nations Mapping tours and tracing networks by connecting fragments he reveals how versatile artists translated repertoire in circulation as they toured and how entrepreneurial endeavours harnessed the production of national distinction to government agendas He argues that touring variety on commercial circuits diversified the repertoire in regional circulation anticipating the diversity emerging in state sanctioned multiculturalisms and driving the government construction of national theatres for cultural diplomacy
