Pinkham, 2019-07-26 One God or one with several forms Or maybe two three or perhaps many separate Gods If you seriously study all the Christian religions you will find that each of these possibilities is claimed That is one trouble with the Trinity there are just too many possibilities Which if any is right Which view does the Bible support And if it supports one view how strongly and in exactly what way The Trouble with the Trinity attempts to study every verse in God's Word that links a name for one or more members of the Godhead with a nearby word or concept for God Nearly a thousand verses meet this condition Collating them into logical categories reveals the eight and only eight possible ways and combinations that could help us understand that the Father Son and Holy Spirit is Three in One Moreover when the verses in each of these eight ways are further organized they provide deep insights into the nature of God And when the eight ways are woven together they reveal a startling symbol with

relevance to Judaism Christianity Islam geometry and our neural network Furthermore these insights are reinforced through the symbolism of the colors used in the tabernacle when these colors are properly applied to the eight parts of the symbol The book incorporates mathematics and science especially the biological sciences written with plain language into the discussions of the Trinity Some of the proposed connections have never been posited elsewhere It also considers other symbols and icons of the Trinity for their ability to reflect aspects of the Triune Godhead The Trouble with the Trinity is not written for the theologian although it includes a section that presents a theological discussion of the Trinity Rather it is written for those who are curious about or confused by the Trinity For more information and to view Images About the book Appendixes and more as well as contact information please go to <https://www.thetwtt.com> You can also visit the author s Facebook page <https://www.facebook.com/TTWTTrinity> view_public_for_100820838002256 *Reference Sources for Small and Medium-sized Libraries, Eighth Edition* Jack O'Gorman, 2014-02-25 Focusing on new reference sources published since 2008 and reference titles that have retained their relevance this new edition brings O Gorman s complete and authoritative guide to the best reference sources for small and medium sized academic and public libraries fully up to date About 40 percent of the content is new to this edition Containing sources selected and annotated by a team of public and academic librarians the works included have been chosen for value and expertise in specific subject areas Equally useful for both library patrons and staff this resource Covers more than a dozen key subject areas including General Reference Philosophy Religion and Ethics Psychology and Psychiatry Social Sciences and Sociology Business and Careers Political Science and Law Education Words and Languages Science and Technology History and Performing Arts Encompasses database products CD ROMs websites and other electronic resources in addition to print materials Includes thorough annotations for each source with information on author editor publisher cost format Dewey and LC classification numbers and more Library patrons will find this an invaluable resource for current everyday topics Librarians will appreciate it as both a reference and collection development tool knowing it s backed by ALA s long tradition of excellence in reference selection **Our Godly Sexual**

Beings Donna Mack with Kristi Miller, 2023-09-08 Our Godly Sexual Beings explores scripture and other ancient texts to unveil one of humanity s great mysteries God s purpose for designing our Godly sexual beings After thirty years of committed research and study Donna Mack perceived an essential missing link from the age old battle of God vs Satan While other books have attempted to discuss human sexuality none have done so with as many biblical and scholarly backed references as Our Godly Sexual Beings One fascinating revelation in scripture is just how sacred human sexuality exists for God The Bible sings with this truth and Donna dives into this mystery to reveal the greatest love story ever told With the help of over 1 300 references Donna uncovers God s design for sex and Satan s influence that morphed this gift into a lie of lust This book is full of many revelations and truths that will allow the reader to experience freedom from sexual sin shame and bondage
