**Reading Desire in a New Generation of Japanese Women Writers** Nina Cornyetz, Rebecca Copeland, 2023-09-22

This book explores desire through the work of a new generation of Japanese women writers in response to the increased attention these writers have received following the release of their work in the English language. The contributions explore a wide range of theoretical approaches and psychoanalytic interpretations to reading a new generation of Japanese women writers' relationships to identity, sex, gender, and desire. Through dealing with female spaces, maternal roles, gendered bodies, or resistant speech acts, the book uncovers the overarching theme of desire: desire for language, touch, and recognition. Focusing on authors who have previously been underrepresented in English language scholarship, the book highlights the diverse nature and the important synergies of writing by women in the last few decades. Addressing experimental and nonconforming authors whose works challenge gender and culture expectations as well as Orientalist myths, this will be a valuable resource for students and scholars of Asian literature, Japanese culture, and Asian studies.

**The Change of Narrative Modes in Chinese Fiction (1898-1927)** Pingyuan Chen, 2022-02-17 This book examines the Chinese fictions xiaoshuo published between 1898 and 1927, three pivotal decades during which China underwent significant social changes. It applies Narratology and Sociology of the Novel methods to analyze both the texts themselves and the social cultural factors that triggered the transformation of the narrative mode in Chinese fiction. Based on empirical data, the author argues that this transformation was not only inspired by translated Western fiction but was also the result of a creative transformation in traditional Chinese literature.

*Desire and Fictional Narrative in Late Imperial China* Martin W. Huang, 2020-03-23 In this new study of desire in Late Imperial China, Martin Huang argues that the development of traditional Chinese fiction as a narrative genre was closely related to changes in conceptions of the fundamental nature of desire. He further suggests that the rise of vernacular fiction during the late Ming dynasty should be studied in the context of contemporary debates on desire along with the new and complex views that emerged from those debates. *Desire and Fictional Narrative in Late Imperial China* shows that the obsession of authors with individual desire is an essential quality that defines traditional Chinese fiction as a narrative genre. Thus, the maturation of the genre can best be appreciated in terms of its increasingly sophisticated exploration of the phenomenon of desire.

Jane Austen, Sex, and Romance Nora Nachumi, Stephanie Oppenheim, 2022 The first of its kind, this collection brings together writers from diverse academic and nonacademic worlds to explore how Austen's readers experience and process her novels' erotic power. Are Jane Austen's novels sexy? For many Austen lovers, the answer is a resounding Yes. From the moment Colin Firth stripped down to his breeches and shirt in the 1995 BBC *Pride and Prejudice* screen adaptation, inspired by Austen's novels, have banked on their ability to depict sexual tension and romantic desire. Meanwhile, the success of spin-offs, sequels, and elaborations confirms that Austen's novels have become a potent aphrodisiac for everyday readers. Clearly, the fourteen million viewers who watched Firth's unveiling were

**Theaters of Desire: Authors, Readers, and the Reproduction of Early Chinese Song-Drama, 1300-2000** P. Sieber, 2003-07-17 Blending a flair for textual nuance with theoretical engagement Theaters of Desire not only contributes to our understanding of the most influential form of early Chinese song drama in local and international cultural contexts but adds a Chinese perspective to the scholarship on print culture authorship and the regulatory discourses of desire The book argues that particularly between 1550 and 1680 Chinese elite editors rewrote and printed early plays and songs so called Yuan dynasty zaju and sanqu to imagine and embody new concepts of authorship readership and desire an interpretation that contrasts starkly with the national and racially oriented reception of song drama developed by European critics after 1735 and subsequently modified by Japanese and Chinese
