**Sports Journalism and Coming Out Stories** William P. Cassidy, 2017-07-28 This book examines how sports journalists covered the historic coming out stories of National Basketball Association NBA veteran Jason Collins and football All American Michael Sam in the context of sports toy department reputation as a field whose standards are often criticized as lacking in rigor and depth compared to other forms of journalism Employing a media sociology approach reporting about Collins and Sam is addressed in the book via three content analysis studies and interviews with two prominent sports journalists An overview of other pertinent research is provided along with a detailed account of both athletes stories This work should appeal to readers interested in sports journalism the role of sport in society and media coverage of gay professional athletes

**Bias in the Booth** Dylan Gwinn, 2015-03-02 Most of us see sports as a welcome even blessed relief from the challenges and frustrations of everyday life We want to sit back open a beer and enjoy the game But many of those who bring us the game have a different agenda they use their broadcasting platform to harangue us with their own politically correct preoccupations If a seventh round NFL draft pick who can't make the team or an over the hill basketball player declares that he's gay he gets wall to wall media coverage and is hailed as a hero If a stripper accuses college lacrosse players of rape liberal sports reporters lead the lynch mob with no apologies when the bearers of white privilege are proved innocent In his blistering new book **Bias in the Booth** sports reporter and commentator Dylan Gwinn takes you inside the sports media spin machine to reveal what they hope you won't notice the sports media are no different from the news and entertainment media

**Focus On: 100 Most Popular African-American Players of American Football** Wikipedia contributors, **From Slavehips to Scholarships** Charles Pinkney, 2017-06-26 In an era when black athletes are commonly compared to the African slaves Dr Pinckney attempts to draw a connection to William Rhoden's Forty Million Dollar Slaves and Harry Edward's earlier work about the black athletes integration and segregation issues Furthermore this book is an attempt to chronicle the past and current history of blacks in sports This book reads like a hybrid book part history part sociology and part current issues Dr Pinckney captures the rise and slow decline of segregation in college and professional athletics Dr Pinckney examines how social and political forces imposed policies of racism and explains the social forces that eventually forced blacks and historical black colleges and universities to accept second class segregated competition By some accounts five hundred years ago our African ancestors were running from the slave catcher and slave ships to avoid slavery however today the descendants of slaves are still running In fact they are running jumping shooting baskets and catching odd shaped balls for their masters Sporting events such as track and field football and basketball are mainly dominated by blacks On any given Saturday afternoon at majority white institutions the black athlete can be found entertaining not only their immediate white master but their white masters in terms of the disproportionate number of white fans including faculty staff and college

administrators This in itself has predated far too many black athletes to slavery and the conditions of modern day slavery at the hand of athletics Truly sports in America today as we know it has psychologically damaged the black athlete *The Circus Is in Town* Lisa Doris Alexander, Joel Nathan Rosen, 2022-01-04 Contributions by Lisa Doris Alexander, Matthew H. Barton, Andrew C. Billings, Carlton Brick, Ted M. Butryn, Brian Carroll, Arthur T. Challis, Roxane Coche, Curtis M. Harris, Jay Johnson, Melvin Lewis, Jack Lule, Rory Magrath, Matthew A. Masucci, Andrew McIntosh, Jorge E. Moraga, Leigh M. Moscowitz, David C. Ogden, Joel Nathan Rosen, Kevin A. Stein, and Henry Yu. In this fifth book on sport and the nature of reputation editors Lisa Doris Alexander and Joel Nathan Rosen have tasked their contributors with examining reputation from the perspective of celebrity and spectacle which in some cases can be better defined as scandal. The subjects chronicled in this volume have all proven themselves to exist somewhere on the spectacular spectrum the spotlight seemed always to gravitate toward them. All have displayed phenomenal feats of athletic prowess and artistry and all have faced a controversy or been thrust into a situation that grows from age old notions of the spectacle. Some handled the hoopla like the champions they are or were while others struggled and even faded amid the hustle and flow of their runaway celebrity. While their individual narratives are engrossing these stories collectively paint a portrait of sport and spectacle that offers context and clarity. Written by a range of scholarly contributors from multiple disciplines *The Circus Is in Town Sport Celebrity and Spectacle* contains careful analysis of such megastars as LeBron James, Tonya Harding, David Beckham, Shaquille O'Neal, Maria Sharapova, and Colin Kaepernick. This final volume of a project that has spanned the first three decades of the twenty first century looks to sharpen questions regarding how it is that reputations of celebrity athletes are forged, maintained, transformed, repurposed, destroyed, and at times rehabilitated. The subjects in this collection have been driven by this notion of the spectacle in ways that offer interesting and entertaining inquiry into the arc of athletic reputations. *Management Information Systems* R.
