Nice Information Data Literacy Role Library:

Libraries Driving Education for Sustainable Development Petra Hauke, Antonia Mocatta, Priscilla Nga Ian Pun, 2025-06-02 The book refers to the UNESCO's ESD for 2030 education program. Libraries especially green and sustainable libraries deserve prominent recognition as learning institutions and active driving partners for Education for Sustainable Development and which support their governments sustainability efforts. In line with the Berlin Declaration on ESD and the UNESCO program the book focuses on innovative approaches and informal education projects created and provided by green and sustainable libraries. *Handbook of Research on Emerging Trends and Technologies in Librarianship* Ekoja, Innocent Isa, Ogbomo, Esoswo Francisca, Okuonghae, Omorodion, 2022-01-07 A fundamental dynamism of the library is its continuous adoption of trending technologies and innovations for enhanced service delivery. To meet the needs of library users in the Fourth Industrial Revolution an era characterized by digital revolution, knowledge economy, globalization and information explosion, libraries have embraced innovations and novel technologies such as artificial intelligence, blockchain, social mediation tools and the internet of things (IoT). The Handbook of Research on Emerging Trends and Technologies in Librarianship documents current research findings and theoretical studies focused on innovations and technologies used in contemporary libraries. This book provides relevant models, theoretical frameworks, the latest empirical research findings and sound theoretical research regarding the use of novel technologies in libraries. Covering topics such as digital competitive advantage, smart governance and social media, this book is an excellent resource for librarians, archivists, library associations and committees, researchers, academicians, students, faculty of higher education, computer scientists, programmers and professionals. **Information and Data Literacy** Joyce Hagen-McIntosh, 2016-01-05 In an age where data flows non-stop across all geographic borders and are accessible to many, the job of providing information literacy has become much more exciting, more complicated and more necessary. Information and Data Literacy: The Role of the Library takes a comprehensive look at the changing role of today's librarians and libraries in an increasingly tech-driven world. You'll find the authors of this book represent public and academic libraries, countries around the globe, and differences of opinion as to the definition, purpose, charge, and success of providing information and data literacy. The book is divided into several parts covering Understanding the role of information and data literacy in the library, The new and changing roles for librarians, Methods for promoting information and data literacy, New challenges for the library in the new information environment, The need for information and data literacy for marginalized populations including the homeless, those in rural settings, sexual minorities, and others. Addressing the trends and challenges at different types of libraries, the volume provides an overview of information and data literacy in the library and offers an array of perspectives. Topics cover The role of the public library as a community hub, Student information literacy in the mobile environment, Information literacy in schools, How the information landscape has changed, library reference services, Library instruction and exercises to promote information literacy for both

traditional students and those in continuing education Edited by a consultant with the Freedom to Read Foundation who is a former outreach and assistive technology librarian the book offers a wealth of information for beginning librarians as well as for seasoned library professionals looking for new methods to evaluate and promote data and information literacy **Data**
