Nice Higher Education Society Joseph Devitis:

The University Becoming Søren S. E. Bengtsen, Sarah Robinson, Wesley Shumar, 2021-06-23 This volume wholeheartedly engages with the current climate in higher education and provides not only a thorough analysis of the foundational elements constituting higher education but also a critical discussion of possible connections to societal and cultural domains and policy debates Today higher education institutions and programs are beset with multiple and often conflicting pressures and demands Higher education is regarded by societies in general and at the political level in particular as a pathway to securing continued economic growth and ensuring cultural growth in surrounding societal contexts Future academics are expected to become experts within their disciplines and at the same time to acquire and develop generic competences and transferable skills directly translatable into job market and professional contexts These conflicting and fragmented policy approaches to higher education leaves academic leaders teacher researchers and students with an incoherent curriculum and a confused and eroded academic identity and societal outlook Much literature within higher education research that engages with similar topics are dominated by a backwards looking and heavy critique of current political and educational conditions for the university and higher education This volume suggests a new tack that is defined by openness and optimism towards possibilities for a transformative higher education curriculum that at the same time stays firmly rooted within the foundational academic soil By drawing on and contributing to the emerging research field the philosophy and theory of higher education the book combines critique with a constructive and future oriented approach and outlook on higher education Further it combines and links philosophical discussions on the idea of the future university with societal responsibility and a curricular and formational awareness

Learning to Flourish Daniel R. DeNicola, 2012-08-02 Learning to Flourish offers a lucid penetrating philosophical exploration of liberal learning a still evolving tradition of theory and practice that has dominated and sustained intellectual life and learning in much of the globe for two millennia Daniel R DeNicola weighs the views of both advocates and critics of the liberal arts and interprets liberal education as aimed supremely at understanding and living a good life as a vital tradition generating five competing but complementary paradigms that transcend theories of curriculum and pedagogy and are manifested in particular social contexts He examines the transformative power of liberal education and its relation to such values as freedom autonomy and democracy reflecting on the importance of intrinsic value and moral understanding Finally he considers age old obstacles and current threats to liberal education ultimately asserting its value for and urgent need in a global pluralistic technologically advanced society Offering a bold yet nuanced theory of liberal education this study will be of great interest to educators as well as those specializing in Philosophy of Education

Teaching, Learning, and Schooling in Film Daniel P. Liston, Ian Renga, 2014-12-05 Films about education provide many of the most popular interpretations of

what teaching and learning mean in schools An analysis of this medium reveals much about the historical cultural political and philosophical dimensions of education Timely and engaging this book fills a gap for scholarly and informed public commentary on the portrayal of education in film offering a wide range of conceptual and interpretive perspectives Teaching Learning and Schooling in Film explores several key questions including What does it mean to be a good teacher How do these good teachers instruct When is and what makes teaching complex What constitutes learning Do educational reforms work The book s interdisciplinary group of contributors answers these important questions in essays highlighting Hollywood independent and documentary films Prospective and practicing teachers will engage with the thought provoking educational issues raised in this book and gain insight into the complexities of teaching and learning portrayed in film *Ulrich's International Periodicals Directory* Carolyn Farquhar Ulrich,1980 Contains essential bibliographic and access information on serials published throughout the world

Clearing the Path for First-Generation College Students Bedelia Nicola Richards,Ashley C. Rondini,Nicolas P. Simon,2018-06-07 Clearing the Path for First Generation College Students comprises a wide range of studies that explore the multidimensional social processes and meanings germane to the experiences of first generation college students before and during their matriculation into institutions of higher education The chapters offer timely empirical examinations of the ways that these students negotiate experiences shaped by structural inequities in higher education institutions and the pathways that lead to them This volume provides insight into the dilemmas that arise from the transformation of students class identities in pursuit of upward mobility as well as their quest for community and a sense of belonging on college campuses that have not been historically designed for them While centering first generation status this collection also critically engages the ways in which other dimensions of social identity intersect to inform students educational experiences in relation to dynamics of race ethnicity socioeconomic class gender and immigration Additionally this book takes a holistic approach by exploring the ways in which first generation college students are influenced by and engage with their families and communities of origin as they undertake their educational careers

Meeting Program American Educational Research Association, 2005 **Making Schools Work** Carolyn R. Hodges, Olga M. Welch, 2003 When talking about marginality and otherness one must always ask marginal to what Other to whom Complex issues of identity construction have been the focus of research on students who whether based on race gender class or ability define themselves or are defined as being on the margins of school life *Making Schools Work* examines this question in its presentation of the results of a longitudinal study of academic achievement and pre college enrichment Discussions focus on how students construct their identities with regard to race because of the history of problems associated with race relations in educational settings Using case studies and observational data the book presents findings on a group of adolescents defined as at risk inside but on the margins of educational institutions First Love Wendy Austin, 2003 What is the adolescent s experience of amorous love In seeking an answer to this question Wendy Austin gathered descriptions from individuals who were in love as teenagers explored literary texts movies and songs and reflected on personal experience To understand the influences that shape her own pre understandings of love and that of her society Austin examined the psychological research reviewed the explanatory theories of scholars on love and revisited the great love stories that have survived across time to reveal four major descriptive themes awakening falling possessing and becoming Adolescence has been called a time of rebirth in considering the sentimental education of adolescents Wendy Austin considers ways in which adults may attend this rebirth in a helpful way Inexcusable Omissions Karen Graves, Timothy Richard Glander, Christine Mary Shea, 2001 *Inexcusable Omissions* explores the work of Clarence Karier and his impact on critical scholarship in the history of U S education Twenty authors contribute essays that examine Karier s influence on the study of a wide range of issues central to the field articulate the theoretical approaches that have guided Karier s inquiry and engage the reader in biographical reflection The essays converge on the complexities of new liberal social and educational theory and the impact that these ideas have had on the development of the American public school system This is the landscape of the humanity and legacy of Clarence Karier as a historian of democracy s conscience and one of its most committed educators **Choice**, 2008 **Current Index to Journals in Education** , 1991 *Beyond Progress and Marginalization* Corrine C. Bertram, Sean G. Massey, 2010 Over time two competing narratives have emerged to represent the experiences of LGBTQ youth emphasizing either significant improvement or continued victimization and marginalization This volume examines those conflicting narratives as they play out in educational settings both formal and informal Particular emphasis is placed on LGBTQ youths own expressions and representations revealing the extent to which both oppression and opportunity interact to influence their still emergent identities Coming of age at the tail end of the culture wars these young people are situated within layers of influence across family peers schools communities and media The simultaneous fluid contexts of opportunity and oppression that LGBTQ youth negotiate are highlighted throughout this book in the youths own words which often reveal a level of epistemological complexity that their elders would be wise to consider

problem rotating a cylinder in cartesian coordinates comsol - May 21 2022

web apr 21 2022 the way i am describing the movement of the cylinder on the xy plane as $u_x \sqrt{\omega^2 r^2 + u_y^2}$ $u_y \sqrt{\omega^2 r^2 + u_y^2}$ $u_z = 0$ where ω is the rotating speed in frequency units 1/s as $u_x u_y$ where x y i understand is applying the magnitude of the u vector at every point of the domain as the

rotating cylinder hull cell comsol - Oct 06 2023

web rotating cylinder hull cells are an important experimental tool in electroplating and electrodeposition and are used for the measurement of nonuniform current distribution mass transport and throwing power of plating baths the model reproduces the results for a commercially available cell rotahull r as published in paper 1

how to fix rotating hollow cylinder comsol - Apr 19 2022

web nov 19 2021 the hollow cylinder lets call it a mold is used for centrifugal casting of steel where the liquid steel is pured on the inner side of the mould and solidifies the solidification is not uniform and the density distribution is not uniform thus the vibration arises

rotating cylinder comsol - Jul 23 2022

web oct 20 2009 hi what about rotatating the source rather than the cylinder apart from the minus sign in the velocity it should be the same if i understand you you have a 2d model x y plane seen along the axis in z if your source is applied to the boundary you can delimit it with a boolean function for a certain angular width given an angular rotational

rotating cylinder comsol - Nov 26 2022

web mar 13 2012 i want to simulate a rotating cylinder filled with some fluid high density this cylinder is also rotating about some other axis i want to know structural analysis of cylinder 1 reply last post mar 13 2012 5 20 a m edt jaap verheggen send note that while comsol employees may participate in the discussion forum

cylinder comsol multiphysics - Aug 04 2023

web rotation angle specify the rotational angle about the axis in the rotation field when this angle is zero the default the second axis of the cylinder's local coordinate system is parallel to the xy plane coordinate system the coordinate system in which the position axis and rotation angles above are interpreted

comsol rotating cylinder in a fluid domain youtube - Sep 05 2023

web jul 21 2023 in this video i explain how to model a rotating cylinder in a fluid domain about press copyright contact us creators advertise developers terms privacy policy

[fluid motion between rotating concentric cylinders using comsol](#) - Mar 31 2023

web the 3 d geometry of concentric rotating cylinder system where the inner cylinder is rotating and outer cylinder is

stationary was developed by using the comsol computational fluid dynamics cfd module for determination of the velocity and pressure profiles a typical meshed geometry is shown in figure 2 the model parameters are

fluid motion between rotating concentric cylinders using comsol - Dec 28 2022

web a fluid dynamics analysis of the velocity and pressure fields that occur in the annular gap between two concentric cylinders with a stationary outer cylinder and a rotating inner cylinder is presented

fluid motion between rotating concentric cylinders using comsol - Jun 02 2023

web when end effects are neglected an analytical solution to the equation of motion can be obtained for the fluid velocity and pressure profiles parameters that are varied include the radii of the inner and outer cylinders rotational speed of the inner cylinder and kinematic viscosity of the fluid
