Cahiers de la Femme, 2005

New Books on Women, Gender and Feminism ,2009 **Inventing Lesbian Cultures in America** Ellen Lewin,1996

This pioneering collection of essays explores some of the many and varied ways that women might use a particular idea of being lesbian to invent themselves to understand how they are connected in the world and to imagine notions of community Focused through an anthropological lens contributors explore a wide range of expressions that bind different lesbian communities together from dance club culture to lesbian wedding ceremonies from lesbian life in the 1920s to lesbian motherhood today As a whole *Inventing Lesbian Cultures in America* shows how communities and identities allow for a sense of collective meaning for lesbians today Defined in terms of culture the activities alliances and identities that make up the experience of being lesbian imbue their lives with dignity and stability *Inventing Lesbian Cultures in America* will become required reading for anyone interested in gender and sexual identity *An Introduction to Women's Studies* Inderpal Grewal,Caren Kaplan,2002 This anthology for first and second year students introduces them to the history of key ideas in the modern period related to sexual difference gender race class and sexuality While most introductory Women s Studies textbooks focus on the United States even if they add multiculturalism to the discussion this book looks at the history of important differences between women in diverse locations around the world and continually challenges students to think through the issues that are raised This transnational approach to understanding gender brings Women s Studies into an era of globalization and connects women s issues in the United States to women s issues elsewhere The book shows how colonialism and imperialism as they spread across the world shaped ideas about gender as much as other modern phenomena It addresses issues of power and inequalities and focuses on links and connections rather than commonalties The readings are truly interdisciplinary drawing upon scholarly work in many disciplines and interdisciplinary fields as well as non scholarly sources **Sexuality and Democracy** Momin Rahman,2021-06-24 Drawing on the example set by feminists this textbook explores the problems of pursuing lesbian and gay political agendas within the present structure of democracy Using an interdisciplinary approach the author connects the analysis of lesbian and gay identities in sociology and cultural studies with the analysis of democracy in political theory This paves the way for a consideration of the implications of sociological theories of sexuality for democratic theory and practice Engaging with queer theory the dominant perspective in the area of sexual identity and politics the author offers a critique of many of the theorists including Judith Butler and Diana Fuss and directions within this field This approach offers a broad focus on the issues of citizenship and legal social and political policies with which queer theorists are involved Up to date with current debates this book reflects the need to return from an inaccessible level of abstract theory It grounds ideas about sexuality in material and political realities by assessing the possibility of articulating a sociological view of the sexual self which can be translated into effective political strategies

Belongings Anthony Joseph Freitas,2002 **New Books on Women and Feminism** ,2009 *American Sociological Review* ,1936 Includes sections Book reviews and Periodical literature **Homosexual Rights as Human Rights** Baden

Offord,2003 Baden Offord discusses and analyses the ways in which activists in Indonesia Singapore and Australia devise strategies of survival and negotiate the limits of justice with regard to human rights as practising homosexuals LGBT Studies and Queer Theory Karen Lovaas,John P. Elia,Gust A. Yep,2006 This edited work examines the similarities and differences between LGBT studies and queer theory and the uneasy relationship between the two in the academic world

No More Gods and Monsters Yingkun Zhang,2005 *Critical Theory and the Human Condition* Michael A.
