[Oldsmobile 1946-1960 Photo Archive](#) Byron Olsen,2006-05-15 Oldsmobile had long been GM's experimental division pioneering new engineering and design ideas before they spread to other GM marques Major ideas pioneered by Olds included the first GM semi automatic transmission in 1937 and Hydra matic automatic transmission in 1940 Yet Olds still seemed stodgy in the late forties compared to glamorous sibling Buick which led Olds in sales All that changed in 1949 when Olds introduced the first modern high compression overhead valve engines with Cadillac the Rocket V8 Sales boomed in the fifties helped by dazzling new styling and the industry's first panoramic windshields All of the great looking Oldsmobiles of this exciting time are presented here in sharp detail with high quality photos from the National Automotive History Collection Here are the revolutionary first hardtops and later the first four door hardtops Starfires Fiestas and concept cars Here too are the less fortunate 1957 and 1958 models when bad styling decisions caused sales to fall Oldsmobile would recover and go on to again lead the industry in sales in later years only to perish for good in the new millennium Superb photos are tied together with authoritative and informative captions telling the story of Olds in these nostalgic years

**Time for a Heart-to-Heart** Bob Mitchell,2017-09-05 Time for a Heart to Heart is not your typical memoir but is rather eclectic in tone at times philosophical poetic poignant uplifting confessional hysterically funny and nostalgic But most of all it is an inspiring story of the triumph of hope and the human spirit in the face of the direst of circumstances and the ultimate challenge of survival People who have gone through significant heart disease or have undergone organ transplants as well as their families and friends will appreciate this book About a year ago Bob Mitchell became very sick He would endure three near fatal episodes of ventricular tachycardia due to a heart muscle comprised of 54% scar tissue as well as heart surgeries two harrowing months of waiting on the transplant list for a new heart on life supporting IV drips during which time a malignant tumor was detected in his kidney partial nephrectomy surgery to remove the cancer another month of waiting 12 hour heart and kidney transplant surgery and 100 days on life support in four different hospitals A novelist at heart Bob's ordeal seemed like a memoir screaming to be written Not simply a narrative of the physical and emotional experience of what it's like to go through and recover from a transplant it is at its core both a thought provoking introspective monologue and an intimate dialogue with the reader concerning life's fundamental conflicts that the author pondered during his ordeal These experiences and tribulations gave clarity and perspective to the things Bob had been thinking teaching and writing for over five decades fear and hope despair and joy failure and success pride and humility thought and feeling control and surrender arbitrariness and justice constriction and freedom youth and age life and death
