Olympic Weightlifting A Complete Guide:

Olympic Weightlifting Greg Everett, 2009 Olympic Weightlifting is a comprehensive guide to learning and instructing the Olympic and related lifts. Includes sections on teaching progressions, lift analyses, error correction, programming, competition supplemental exercises, warm up protocols, nutrition, and sample training programs. Simply the best book available on Olympic weightlifting. Don Weideman, Vice President Pacific Weightlifting Association. Without a doubt the best book on the market today about Olympic style weightlifting. Mike Burgener, USA Weightlifting senior international coach. Outstanding, Accurate and Concise. A must read for athletes and coaches involved in the movements. Daniel Camargo, USA Weightlifting International Coach President Florida Weightlifting Federation. Everett's Olympic Weightlifting text is one of the best instructional books for the sport to be published in years. This is a must have for every weightlifting strength and conditioning coach's library shelf. Bob Takano, Member USA Weightlifting Hall of Fame. I highly recommend the book. I would strongly argue that this book belongs on the shelf between Pavel's Power to the People and Tommy Kono's Weightlifting Olympic Style as the three books that will lead you to the next level. Dan John, This is the book I would recommend to anyone wanting to begin the sport of Weightlifting. Greg took material that has been discussed for decades by many great coaches and authors and managed to present it with a clarity that has rarely if ever been achieved. I don't care how many years you have coached or how many lifters you have coached, no one is going to read this book without coming across a few passages that make a light bulb go off in his head. Greg has a way of taking material that has been argued and discussed to death and presenting it in such a clear way that it makes you wonder why anything else ever had to be written or said. Glenn Pendlay, Everett's strengths are his attention to detail and intelligent accessible progressions. You will love this book and it will never end up at the used bookstore. Robb Wolf, NorCal Strength Conditioning.
