## **Omega Weredog In Heat:**

Dead Heat Patricia Briggs, 2015-03-03 The Alpha and Omega novels transport readers into the realm of the werewolf where Charles Cornick and Anna Latham embody opposite sides of the shifter personality. Now a pleasure trip drops the couple into the middle of some bad supernatural business. For once mated werewolves Charles and Anna are not traveling because of Charles's role as his father's enforcer. This time their trip to Arizona is purely personal as Charles plans to buy Anna a horse for her birthday. Or at least it starts out that way. Charles and Anna soon discover that a dangerous Fae being is on the loose replacing human children with simulacra. The Fae's cold war with humanity is about to heat up and Charles and Anna are in the cross fire. **DISCOVER THE NEW CHARLES AND ANNA NOVEL FROM THE NO 1 INTERNATIONAL BESTSELLING PATRICIA BRIGGS** The Alpha and Omega novels Cry Wolf Hunting Ground Fair Game Dead Heat **Oxford Heat** Hannah Haze, 2021-01-14 Avoid Trouble Trouble like Noah Wood. Cora hates Alphas; they're arrogant, obnoxious, and in her experience, dangerous. She's worked hard to leave her troubled past behind her and make it to university where she's steering clear of them even if her body makes her weak and needy for one and one in particular. After all, Noah may look good, but he's everything she despises. Noah is a player both on and off the pitch with a place on the university's rugby team and a phone full of women's numbers. But it's the stuck-up little Omega Cora who has caught his eye. Too bad she wants nothing to do with him and his propensity for trouble. That is until he finds her alone and about to start a heat. If you're looking for the sauciness of omegaverse with the sweetness of contemporary romance, you'll love this. Enemies to Lovers omegaverse set in our world. This is a standalone novel with a happy ending using British English spelling and usage. *Hired for Heat* Leann Ryans, Alphas were deemed a menace to society and locked away in Alpha Camps. Omegas like Sandra had no choice but to weather their heat alone or hire a stud to tend them through it. When the safeguards in place to protect her fail, Sandra must find a way to fix the unexpected consequences of hiring Austin. With a broken system, she can't rely on it; she has to decide how far she's willing to go and if she's prepared to do what it will take to change the rules of their world forever. *Hired for Heat* is a MF omegaverse story set in a slightly futuristic contemporary world. It can be read as a standalone.
