

BULLSHIT

A close-up, slightly angled shot of a large, red, oval-shaped button. The button has a glossy finish, reflecting light in several places. It is set within a dark grey, cylindrical base. The word "BULLSHIT" is printed in bold, white, sans-serif capital letters across the center of the red button. The background is plain white.

Amazon Wisdom Keeper Loraine Y. Van Tuyl, 2017-10-24 With captivating lyricism Amazon Wisdom Keeper transports us into the multicultural upbringing and transformation of Loraine Van Tuyl a graduate psychology student and budding shamanic healer who's blindsided by startling visions elusive drumming and her inseparable mystical ties to the Amazon rainforest of her native Suriname Is she in the wrong field or did her childhood dreams imaginary guides and premonitions somehow prepare her for these challenges Did Suriname's military coup and her family's uprooting move to the US rob her from all that she knew and loved at thirteen to help reveal her soul's purpose or is she losing her mind by entertaining far fetched questions and hunches that can't be answered or proven like wondering if her perplexing life story is shedding light on the double binds in her field on purpose and suspecting that her soul's daunting blue print was plotted long before she was even born Van Tuyl wrestles with these questions and more as she embarks upon her risky quest enduring test upon test in search of her true self and calling while enrolled in a rigorous academic program that regards intuitive healing methods as unscientific and even unethical

The Dark Side of Marketing Communications Tim Hill, Pierre McDonagh, 2020-10-28 What fuels capitalism and what stops it from collapsing Does marketing communications support and sustain the economic and political status quo This book is not about describing the ways in which businesses can optimize the messages they put across or about adding to the marketing communicator's toolkit This book argues that marketing communications plays an increasingly important role in bolstering contemporary capitalism Drawing on conceptualizations of the market from political economy and sociology it focusses on five logics that underpin and sustain the form of capitalism in which we live the logic of competition the logic of sustainability the logic of individualism the logic of objectivity and the logic of distraction It does this by exploring those arenas which are increasingly dominated by the communicative activities of business sport CSR social media statistics and entertainment Bringing theories from marketing and consumer research sociology cultural studies technology and media studies to bear on marketing communications this book is necessary reading for undergraduate and postgraduate students and academics who wish to understand the broader role of marketing communications in the reproduction of contemporary capitalism

Rafting the Amazon François Odendaal, 1992 From their rise in the high Andes of Peru the two sister rivers Urubamba and Apurimac join to form the Amazon the world's

largest and most powerful river crossing an entire continent in search of the sea This book traces Francois Odendaal s three expeditions to raft this extraordinary river It is a story of adventure courage and personal experience as well as a geographical environmental and historical celebration of the continent of South America **On Bullshit** Harry G. Frankfurt,2025-08-05 Over one million copies sold worldwide The international and 1 New York Times bestseller The anniversary edition of the acclaimed book that reveals why bullshit is more dangerous than lying One of the most prominent features of our world is that there is so much bullshit Yet we have no clear understanding of what bullshit is how it s different from lying what purposes it serves and what it means In his acclaimed bestseller *On Bullshit* which was featured on The Daily Show and 60 Minutes Harry Frankfurt who was one of the world s most influential moral philosophers explores one of the most serious problems of our politics and our world This twentieth anniversary edition features a postscript in which Frankfurt emphasizes that indifference to the truth is extremely dangerous With his characteristic combination of philosophical acuity psychological insight and wry humor Frankfurt argues that bullshitters misrepresent themselves to their audience not as liars do that is by deliberately making false claims about what s true Rather bullshitters seek to convey a certain impression of themselves without being concerned about whether anything at all is true They quietly change the rules governing the conversation so that claims about truth and falsity are irrelevant Although bullshit can take innocent forms excessive indulgence in it can eventually undermine the bullshitter s capacity to tell the truth in a way that lying doesn t Liars at least acknowledge that the truth matters Because of this Frankfurt says bullshit is a greater enemy of the truth than lies are Remarkably prescient and insightful *On Bullshit* is a small book that explains a great deal about our time

Amazon Gold Dirk Wyle,2003 *The Last Scam* David Harris,1981 **Bullshit and Philosophy** Gary L.

Hardcastle,George A. Reisch,2006 Sixteen essays offer discussions interpretations and criticisms related to Harry G Frankfurt s essay *On Bullshit* and other philosophical work on bullshit Topics addressed include the definition of bullshit the ethics and epistemology of bullshit and the role of bullshit in contemporary culture Provided by publisher **Video**
Watchdog ,1998 [Apocalypse Never](#) Michael Shellenberger,2020-06-30 Now a National Bestseller Climate change is real but it s not the end of the world It is not even our most serious environmental problem Michael Shellenberger has been fighting for a greener planet for decades He helped save the world s last unprotected redwoods He co created the predecessor to today s Green New Deal And he led a successful effort by climate scientists and activists to keep nuclear plants operating preventing a spike of emissions But in 2019 as some claimed billions of people are going to die contributing to rising anxiety including among adolescents Shellenberger decided that as a lifelong environmental activist leading energy expert and father of a teenage daughter he needed to speak out to separate science from fiction Despite decades of news media attention many remain ignorant of basic facts Carbon emissions peaked and have been declining in most developed nations for over a decade Deaths from extreme weather even in poor nations declined 80 percent over the last four decades

And the risk of Earth warming to very high temperatures is increasingly unlikely thanks to slowing population growth and abundant natural gas. Curiously, the people who are the most alarmist about the problems also tend to oppose the obvious solutions. What's really behind the rise of apocalyptic environmentalism? There are powerful financial interests. There are desires for status and power. But most of all, there is a desire among supposedly secular people for transcendence. This spiritual impulse can be natural and healthy. But in preaching fear without love and guilt without redemption, the new religion is failing to satisfy our deepest psychological and existential needs.
