## **On Condition Of Anonymity:**

*On The Condition of Anonymity* Matt Carlson, 2011-04-01 Matt Carlson confronts the promise and perils of unnamed sources in this exhaustive analysis of controversial episodes in American journalism during the George W Bush administration from prewar reporting mistakes at the New York Times and Washington Post to the Valerie Plame leak case and Dan Rather's lawsuit against CBS News Weaving a narrative thread that stretches from the uncritical post 9 11 era to the spectacle of the Scooter Libby trial Carlson examines a tense period in American history through the lens of journalism Revealing new insights about high profile cases involving confidential sources he highlights contextual and structural features of the era including pressure from the right scrutiny from new media and citizen journalists and the struggles of traditional media to survive amid increased competition and decreased resources **Democratization and Civilian**

**Control in Asia** A. Croissant, D. Kuehn, P. Lorenz, P. Chambers, 2015-12-04 How can civilians in newly democratized countries ensure their control over the military While establishing civilian control of the military is a necessary condition for a functioning democracy it requires prudent strategic action on the part of the decision makers to remove the military from positions of power and make it follow their orders *How We Missed the Story* Roy Gutman, 2008 Examining the U S foreign policy missteps leading up to 9 11

**Language and Journalism** John Richardson, 2013-09-13 This book is an indispensable cutting edge book for students and researchers of journalism studies seeking a text that illustrates and applies a range of linguistic and discourse analytic approaches to the analysis of journalism While the form function and politics of the language of journalism have attracted scholars from a wide range of academic disciplines too often this analysis has reduced the work of journalists to text characteristics alone In contrast this collection is united by the principle that journalistic discourse is always socially situated and the result of a series of processes produced by journalists in accordance with particular production techniques and in specific institutional settings and as such analysis requires more than the methods offered by linguists The contributors to this book draw on a range of the most prominent theoretical and methodological approaches to media discourse including Conversation Analysis Critical Discourse Analysis the APPRAISAL framework Multi modal Analysis and Rhetoric in making sense of the language of newspapers national local and minority press television and online journalism Written in an engaging style by distinguished academic authorities this book provides a state of the art review of the subject This book was published as a special issue of *Journalism Studies* **Chinese Military Strategy in the Third**

**Indochina War** Edward C. O'Dowd, 2007-04-16 This well researched volume examines the Sino Vietnamese hostilities of the late 1970s and 1980s attempting to understand them as strategic operational and tactical events The Sino Vietnamese War was the third Indochina war and contemporary Southeast Asia cannot be properly understood unless we acknowledge that the Vietnamese fought three not two wars to establish their current role in the region The war was not about the Sino Vietnamese border as frequently claimed but about China's support for its Cambodian ally the Khmer Rouge and the book

addresses US and ASEAN involvement in the effort to support the regime Although the Chinese completed their troop withdrawal in March 1979 they retained their strategic goal of driving Vietnam out of Cambodia at least until 1988 but it was evident by 1984 85 that the PLA held back by the drag of its Maoist organization doctrine equipment and personnel was not an effective instrument of coercion Chinese Military Strategy in the Third Indochina War will be of great interest to all students of the Third Indochina War Asian political history Chinese security and strategic studies in general **The Impact of Anonymity on Disinhibitive [i.e. Disinhibitive] Behavior Through Computer-mediated Communication** Michael J. Tresca,1998 *Abstract Modes of Intra-group Interaction Under Conditions of Surveillance and Anonymity* Marvin Dale Leavy,1964 **Governance by Decree** Ruth P. Morgan,2004 The Voting Rights Act of 1965 which originally was intended to prohibit barriers to black registration and voting has been hailed as a triumph for civil rights and as a catalyst for the election of minorities to public office in both the Deep South and the urban North To advance its objective federal courts instructed many cities to change from at large to single member district electoral systems as a way to ensure that minorities had a reasonable chance to elect representatives of their choice In the first book to critique the implementation of this landmark legislation in a major American city Ruth Morgan examines its effect on local governance over forty years in Dallas and shows that it had unintended consequences for racial politics representation and public policy Breaking from studies that measure the success of the VRA in terms of increased minority representation Morgan assesses the consequences of the Act for Dallas city government and for the wider interests of minorities as well While endorsing the original intent of the VRA Morgan believes that this intent was subverted by subsequent amendments to the Act and by the courts attempts to advance the political standing of particular minority groups She argues that court imposed single member districts have created in Dallas a city council infected with parochialism and careerism a result of members no longer having to compromise to win citywide votes and have had an adverse impact on governmental effectiveness and voter turnout With corruption and cronyism now rampant voting rights legislation and litigation have ultimately failed to fulfill the hopes and aspirations of the unempowered and the district system has created an incentive for continued racial separation Governance by Decree offers a pointed assessment of the complexities and contradictions produced by the voting rights law while at the same time calling for the federal judiciary to exercise restraint in imposing its will when it lacks the capacity to make choices that are inherently political Morgan s powerfully argued case study should inspire much debate and inform forthcoming congressional deliberations over the renewal of the preclearance section of the VRA in 2007 Group Size and Anonymity Effects on Computer-mediated Idea Generation Joseph S. Valacich,1991 **United States Naval Institute Proceedings** ,2001 **Front Line USA** John Rendler,2004 **Conventional Arms Control** Anthony Sivers,1989 **Daily Report** ,1993-03-22 **The Muslim World** ,2003 *Contemporary India* ,2002 **Press Summary - Illinois Information Service** Illinois Information Service,2004-06-16 **Affairs of Power** William Allan Myers,1997 Democratic World ,1993

Environmental Viewpoints Marie Lazzari, 1994 This is the third of a three volume set providing excerpts and reprinted essays from over 80 periodicals as well as recent books and governmental publications Twenty topics are arranged alphabetically presenting both historical and current information as well as divergent opinion     *Strike* Richard Vigilante, 1994 A regular columnist for New York Newsday provides a riveting close up view battle by battle of the long brutal strike at the New York Daily News and its challenging implications for our future
