John Carpenter, Sandy King, Mike Sizemore, 2023-10-12 From the mind of John Carpenter and the heart of Sandy King the monthly anthology series John Carpenter's Tales of Science Fiction was born In Volume 1 of Vortex Space Station Benson deep in the Veil Nebula is a small slice of humanity almost 1 500 light years from Earth When it receives a distress call from a mining asteroid a rescue team is dispatched lead by Jake Dixon a man who is to some a hero but to others a murderer When the rescue goes horrifically wrong an investigation sets out to discover what happened on the asteroid and how so many people came to die What they discover threatens not only to overwhelm and destroy them but ultimately could devour all life back home on Earth VORTEX 2.0 picks up the threads of the first volume many years later as the few who survived are pulled back together along with a new crew on a new kind of deep space habitat that once again is in danger of falling to the darkness that Dixon and his team faced down two decades before Those that were heroes once are now branded criminals as terror and horror begins to unfold on an unprecedented scale This is the kind of story that could only exist in the John Carpenter universe so strap in and brace yourself It's going to be a HELL of a ride
